In all finals, **lane designations in the hurdles, 100m, 200m, 400m, and 4 x 100m** will be designated according to times achieved during preliminary heats with lanes 4, 5, 3, and 6 for the fastest times and 2, 7, 8, and 1 for the slower times. On six-lane tracks, lanes 3, 4, and 2 will be reserved for the fastest times and 5, 6, and 1 for the slower times.

NOTE: In the event of a tie for the above times, the athlete placing the highest in their heat will advance.

800 metre will be run as two timed section finals. The heat selection for the 800 metre shall be determined according to the times achieved at their district track & field meet and recorded in their district's track entries. The 800-metre event will utilize a double waterfall start.

The lane selection shall be determined according to the times achieved at their district track & field meet and recorded in their district's track entries.

Competitors in the **long jump, triple jump, javelin, shot, and discus** will be seeded into two equal groups. The top eight performances from the two sections combined will qualify for the final round.
