Here's a rundown of your duties:

Before the game

- Look at the game schedule in the folder located in the box for your field.
- Find the game card for this match in the folder and make sure all information matches – field, team names, game time.
- About 15 minutes before the game, it is time to check in **BOTH TEAMS**.
 - Introduce yourself to the coaches or team manager as the Field Marshal.
 - Ask for the players to line up.
 - Call their names from the **APPROVED** roster.
 - All players on the **APPROVED** roster can play.
 - Check the equipment for all players:
 - Jerseys with a unique number (no repeat numbers on one team)
 - Shin guards are required
 - Soccer cleats – plastic only, no metal cleats
 - Casts/braces/etc., must be pre-approved by the referee assignor
 - Check to make sure no players are wearing jewelry:
 - No earrings or other piercings can be worn (they must be removed, putting tape over them does not fix the issue)
 - No bracelets, necklaces, etc.
- Inform the referees that both teams have been checked in, and give them the game ball if one was provided by the club (will have Oregon SC written on it)
- Encourage referees to start games on time. The tournament operates on a tight schedule, including 5 minutes between games and a 5-minute halftime.

During the game

- Monitor the game. You are there to try to ensure the game is a positive experience for players, referees and spectators.
- If someone becomes unruly, please encourage positivity and try to de-escalate the situation. If you are uncomfortable with a situation, please call Eric, Michelle or Bryan (numbers on top of first page) and one of them will either come to the field or have a tournament representative do so.
- Medical issues: Referees or coaches likely will bring these to your attention.
 - Ice is available in the cooler at your field, along with plastic bags
 - If you need a trainer, call Eric, Michelle or Bryan (numbers on top of first page)
 - A trainer will be at McKee Farms Park during the entirety of the tournament. A trainer also will be in Oregon on Sunday, based at Jaycee Community Park.
 - **If it is an emergency situation, call 911.**

After the game

- Take the game card to the referees:
 - The center referee needs to fill out the final score, list cautions (yellow cards) and anyone sent off (red cards), and all officials need to sign the game card.
- Grab the game ball, if applicable
- Once you have the score confirmed, report it one of two ways:
 - Go to <https://tinyurl.com/FFscores>
 - Or scan the QR code
- Place the completed game card in the folder. Runners will come to pick up game cards periodically throughout the day

Thanks again for volunteering — we couldn't do this without you!
