

2023 Lacrosse Sponsorship Opportunities

The Solomons Boys and Girls Club is a non profit youth club that offers the children in our area recreational football, cheerleading, and lacrosse. We work hard to provide participants with a safe environment where they can learn and master the sports we offer. In doing this they will learn essential life skills and discipline such as teamwork, problem solving, self awareness and growth as well as creative and critical thinking.

We are currently Preparing for the 2023 Lacrosse season, part of which means replacing our worn-out goal nets, refurbishing club provided goalie equipment, replenishing our stock of lacrosse balls, as well as replacing other consumables without raising our registration fees. This is where our valued business partners come in!

- Prices for youth sporting equipment and uniforms have doubled over the years and our priority is to keep our registration fees low while the costs of everything else is on the rise. For example, lacrosse balls for this season could cost as much as \$1,300.
- We offer valuable advertising opportunities for our partners in return for your sponsorship. These opportunities will get your business in front of hundreds of not only our Solomons Steelers families and friends but of those from opposing teams as well!
- All of our packages also include social media exposure and a listing on our website sponsorship page.

Please see the attached packages offered and feel free to choose one that meets your needs and expectations. Thank you for your time and consideration in helping our local youth and their families!

Thank you,

Solomons Steelers Board of Directors
