

Minnesota Hockey Adult Report

Winter 2021

- Adults have been upset by the no bags and mask wearing rules. One league is suspending play and registration until rules lighten up.
- I would like to personally thank Glen, Mac, Twig and Steve for the additional meetings with the MDH, Tomes, and representing us and getting us back on the ice.
- I have heard little of non-compliance with the adults for the rules yet, but expect as time moves on we will hear more.
- As feared I am hearing of and have witnessed non-registered leagues bringing bags into arenas and not wearing masks. I hope this is not a black mark for us with the MDH, of effects future registration.

As stated early I would like to thank all on the Return to play committee your efforts brought hockey back to our state.

Submitted,

Brandon Koontz

Minnesota Hockey Adult Director
