ABOUT HHS AND THIS CAMP:

Hawkeye Hockey Services are former NCAA Div. I, Div. III coaches; we are former USHL and NAHL GMs, coaches, and scouts. We are people who are fortunate enough to have great working and personal relationships from High School and Midget AAA to NCAA Div. 1 to the NHL throughout North America. We are people that the next-level coaches depend on for providing opportunities for their teams and our clients. We do things with integrity and complete transparency. What makes us different from the majority of consultants/advisors is the pure fact that we are former coaches who have been in the driver's seat to decision-making. We understand the nuances of this business because we have already helped provide countless families with the roadmap to achieve their goals and dreams.

Our team at Hawkeye Hockey Services (HHS) is composed of experienced consultants and mentors with over 65+ years of working professionally in the game of hockey with established relationships across North America. HHS was created to provide specialized consulting and training to players and families to help them navigate through the various options in hockey and education.

These boys and girls sessions are designed to focus on the fundamentals such as skating, puck handling, passing, and shooting with modern hockey teaching and concepts. The drills and games will be designed to increase skating and stick skills to help with offensive and defensive awareness and productivity while focusing on proper technique and quality repetition. There will be a big emphasis on skating that will build and refine your skating skills. During weekly sessions, players progressively develop power, edges, stride, and transitions, with a focus on technique and building efficiency and knowledge throughout. Improve your skating performance and IQ, and see direct results in your game.
