

## COVID-19 Protocols for Winter 20-21 Under Low Level of Restriction (Yellow)

Created September 11, 2020

Park City Ice Arena is looking forward to the 2020-21 Winter Season. The facility is operating in accordance with the [Governor's Phased Guidelines](#) and Summit County's [Mandatory Face Covering Order](#). The facility has implemented other protocols to mitigate potential exposure and spread of COVID-19. Protocols are subject to change.

**Respect and adhere to all User Group protocols, they may be more restrictive than below to ensure the safety and compliance.**

### Masks:

- Masks are required at all times in the building, including in the locker room and on the player's benches.
- Masks are required anytime more than 20 people are on the ice sheet including freestyle sessions and during warm up for hockey games.
- Masks are not required on the ice surface, during game play (when less than 20 people are on the surface).
- The latest Summit Co. Health Order update specifies that single layer buffs are not an approved face covering.
- Coaches and instructors must wear face coverings at all times, including on the ice and player's benches.
- Masks are required for all public skate sessions as well as Skating and Hockey Academy classes and camps.

### Distancing:

- Please keep a minimum of 6 feet distance wherever possible, particularly on the player's benches, inside locker rooms and in the lobby.
- Spectators are limited; refer to capacity limits for specific activities and games.
  - Most hockey games are limited one spectator per player
- Participants have been limited for Ice Arena activities to promote social distancing and staff's ability to facilitate activities safely.

### Locker Rooms:

- All patrons are encouraged to arrive at the facility dressed and avoid using locker rooms. If locker rooms are used please keep a minimum of 6 feet distance, wear a mask and minimize time spent inside the locker room.

- Locker rooms will be open 15 minute prior to the game and all players must leave the locker room within 15 minutes following the game.
- Locker Room monitors/renters must check in at the front desk to have the locker room opened.
- Locker room monitors/renters are responsible for ensuring the locker room benches and high touch areas are sanitized after use. Pump sprayers are available at the front desk.

Other Protocols:

- Do not enter the facility if you have any symptoms of COVID-19, if you have been exposed to someone with COVID-19 or if you have been asked to quarantine by a medical professional.
- Participants will be screened including temperature checks
- Activities will focus on local recreation and competition. Out of state competitions (including games) are restricted.
- Participants and contact information must be maintained to assist with contact tracing.
- Please do not spit anywhere in the building.
- Participants should bring their own water bottles and should not share water bottles.
- No handshakes at the end of hockey games.

Return to Play:

- If someone has a test positive, they may come to the Ice Arena after a minimum of 10 days from the positive test so long as they have had no fever in the last 24 hours and symptoms have improved.
- Individuals deemed to have been exposed may return to the Ice Arena after 14 days following their last exposure to a positive case.
