## Rain, Rain, PLEASE Go Away...

Most SYC sports are played outdoors, on a field, and that means we rely on Mother Nature to cooperate. As you may have noticed-it's been raining.....A LOT! Some of you have asked why SYC doesn't simply move indoors; we wish we could! The fact is, indoor space is practically non-existent, extremely expensive, and logistically impossible. We also live in a county where fields are permitted and controlled which makes internal league changes complex.

Thankfully, SYC has a pool of volunteers and staff who spend many hours monitoring weather related cancellations and program operations so that the safety of our players, families, and coaches remains our primary concern. So thank you for your patience as we weather the storms together!
