

**2018 - 2019
U.S. Ski
and
Snowboard
Student**

Membership

US (US Ski and Snowboard) has created a **NEW** \$75 **US Non Scored Student** membership for student athletes to compete in US events. This membership is for student athletes aged 14-24 years old that attend High School or College and are not US competitive licensed (comp license) members of U.S. Ski and Snowboard (**US**).

This is a non-scored membership (NSM). It allows athletes to compete in US scored and US non-scored events. Athletes will need to pay race entry fees for each event they wish to compete in. Does not include access to the U.S. Ski & Snowboard (US) points list. The US points lists are used for seeding (start positions in scored races). NSM athletes will be seeded in scored events after all scored athletes with US points (990). The NSM may be upgraded to a US competitor license in season.

Team Michigan

Team Michigan is an opportunity for athletes that attend High School (HS) in Michigan and compete in alpine ski racing.

Team Michigan will be putting together a team to compete in the US Eastern HS Championships. A maximum of 12 female and 12 male HS athletes will be selected to the team.

The 2019 Eastern HS Championships will take place March 8-10, 2019 at the Attitash Mountain Resort in Bartlett, New Hampshire

Team Michigan will use the US points lists and place results from specific races for selections.

2019 races for selections include:

SL/GS Marquette Mt. Jan 19/20

SL/GS Boyne Mt. Jan 26/27
