SYL

LANDSCAPE

COMPETE

The Super Y League National Finals serves as a capstone event after the conclusion of the regular season. The best teams from across every division of the league meet at Hillsborough County Tournament Sportsplex in Tampa, Florida, for a five-day event consisting of group & knockout stages, culminating in 12 championship matches for each of the six age groups of both boys and girls.

STAND OUT

The event also features a major presence of collegiate coaches and scouts, giving players a unique opportunity to showcase their abilities in a competitive environment on a national scale. Through strategic league partnerships, players will be able to have their performances highlighted and shared to collegiate and national level scouts across the country.

SYL FINALS HEAD TO

TAMPA

Beginning in 2019, the Super Y League National Finals have been held at the brand-new Hillsborough County Tournament Sportsplex, in the heart of Tampa Bay, Florida. Having opened in late 2018, the Sportsplex is a multi-sport championship facility centrally located to Tampa International Airport, interstates and Downtown Tampa.

"The SYL Finals provides an unparalleled experience for our players, families, and clubs. When presented with the opportunity to bring our National Championship to such world-class venue, we knew this would serve to continue the tradition. We look forward to our teams competing to become one of 12 National Champions this December."
