

Commodore's Comments

To my fellow LBYC Friends,

Summer is getting crazy fun! It's regatta time! Every LBYC Fleet is full on! Besides our weekly lake races, each fleet has had its own share of regatta's.

The C Fleet had two regatta's in a row. The MIR at Brown's Lake June 11 -12. C Nationals were at Green Lake this past weekend. It's always a treat to sail on Green Lake. It's the deepest lake in Wisconsin and 7500 acres. Once again Beulah sailors dominated at both events.

The MC Fleet hosted Wisconsin MC Champs here on Beulah June 11-12.

Our X-Boat Fleet and their parents have a busy week with the TRAP Regatta this week at Pine and the Quads Regatta at Pine to finish the week. LBYC will once again host the LBSS Opti Regatta on Monday. I remember being an Opti and X Boat parent, you've got to be tough.

Our Social calendar continues to be strong providing fun for all. Wine tastings, Wednesday Night Cookouts, Fleet Parties. The fun never stops!

Please check our LBYC Calendar weekly to make sure you don't miss out on the fun.

See you on the water.

- Randy Schmidt

KINDERPRAM IS BACK!

Support these cuties and all the LBSS students & families by attending the LBSS Amazing Race fundraiser.

All fleets are in the heat of regatta season now. Check out the recaps of the WI MC Champs, MIR and C Nationals in this issue. The website has complete results and more photos from these and this weeks X fleet regattas, TRAP and QUAD.

The MC Masters is underway at Gull Lake, MN this Thursday thru Saturday (check the next issue for full a recap).

The Optis finally get in on the regatta fun with the LBSS Opti Regatta this coming Monday, June 27th. They are still looking for Spectator Boats and drivers for the day – contact Michaela Ward at michaelalorra@hotmail.com or 847-903-0797 to volunteer.

Join us for the **BOILED OWLS Cookout** on June 29th. The BOILED OWLS helps maintain the LBYC traveling trophies and awards their own trophy each year. Following the 2020 season they paid for the **engraving of all trophies** that were not picked-up by sailors due to the cancellation of the trophy presentation. All profits from this cookout go directly to the BOILED OWLS fund to continue this work. Let's show our support and thanks by attending this event. **Register** by Monday, June 27th. *See me at this cookout to pick-up your trophies from 2021 so you can have them engraved!*

Big thanks to last weekend's PRO's (Bridgette Bonifield, Matt Haeger and their respective teams) who battled through some tough wind conditions to get the MC and X fleets a couple of races.

We've got a full schedule of racing this weekend, with all fleets on the water, and it looks like the wind is going to deliver. Start lining up those 3rds and crews now.

Remember to thank your PROs.

– Vicki Clayton

TRAP Sr. Fleet: 1–2–5!

Alex Mueller and Mason Keane won the TRAP Senior fleet regatta this week, a year after winning the Junior fleet. Close behind were Elise Brandt and George Lillwitz in 2nd. Chandler Jarecki and Adele Brickler rounded it out in 5th.

Check the website for more pics and full results.

Race Committee Assignments are subject to change. Please be sure to refer to lbyc.us if there is ever a question on your race committee assignments or duties. The website is the most accurate place to find information.

MIR REGATTA

Beulah's Michael Barr and Nora Kiernan took home top honors. Brian and Kevin Brickler took second. Will Haeger and Neal Klement tied with dad Kent Haeger and Mike Greeson but Will won the tiebreaker. There were four Beulah boats in the top five.

WI MC CHAMPS

Five beautiful races over two rather cool, overcast days but John Porter posted 2-1-2-1-1 to take home the Championship. He was neck and neck with Dad Dave who won the other two races but in the end John beat dad by 10 points. Beulah filled out the other top five with Chris Kubicek, Vicki Clayton and Jeff Hudson. A total of 28 boats competed with 9 offlakers from Madison, Long Lake, IL, Mendota, Pewaukee, Pine and Cedar. The event moves to Nagawicka next year. Thanks to all the volunteers in the kitchen who prove, once again, there is no food like Beulah food.

Recap by Will Haeger

This past weekend the intrepid Beulah C fleet descended upon the waters of the mighty Green Lake for the 2022 nationals. On Friday morning, we were greeted by a strong WNW breeze of 14-18kts and most competitors gladly accepted their 3rd on board. We had 3 races back-to-back-to-back in the big waves, with a slight break for lunch on the water. After the dust had settled, the B-66 was in the lead after day one with B-12 also in the hunt. Faring less well were the B-111 (ripped sail) and the B-1 (broken sidestay), all but confirming the rumor that your sailing falls off a cliff once you experience matrimony (though, on a personal note, it was a unique treat to get to sail with both my mom and mother-in-law at the same time). After the day's racing had concluded, most folks ended up patronizing the local establishment known as the Goose Blind, where much merriment was had.

As the sun rose on day two, a lighter-but-sailable 6-10kts filled down the lake and the fleet headed out for a back-to-back. Team Brickler won the day with an impressive 3-7 in the shifty breeze, slotting themselves into 4th place overall. The B-12 was still in contention, falling to 3rd place after a tough last race, and our very own Ben Porter climbed into the lead, crewing on N-181. After enjoying a much-needed nap time, the fleet met up at the Heidel House for dinner, dancing, and regaling one another with stories of the day's racing. The Goose Blind may have again been the destination for some night owls, details are scarce.

On the last day of scheduled racing, the forecasted 8-10kts never materialized and the fleet aimlessly meandered around Green Lake for a few hours while the race committee valiantly attempted to conjure some steady breeze. After the RC blew the three horns signaling a cancellation, a congratulations were in order for Ben on the national championship, and to the B-12 and B-18 for representing Beulah in the top 5. The next regatta on the docket is the C Invite on Nagawicka, where I'm sure we'll once again be well represented!

1st - Peter Keck & Ben Porter

3rd - Kent Haeger,
Hailey & Mike Greeson

Socially Speaking

The fourth of July celebrations will be here before we know it! LBYC will help make entertaining easy for family and friends thanks to Anne and Andy Mueller's and their creative burger options. Weather providing, Dorn/Knopfs will have fireworks for us that night. There will also be volleyball and basketball available.

- July 2nd Burger night
- July 3rd Fireworks!
- July 4th Pancake breakfast and games

Try the wine tasting if you have not experienced it. It is an intimate group, while tasting and learning about different varieties and regions of wines.

We are experiencing delays in every aspect of our life right now. I guess it is a lesson in patience. The caterers are requiring a count two weeks out, so sign up early to make sure you can attend! We appreciate those who are already pre registering!

Thank you.

— Lisa Whittet

LAKE BEULAH SAILING SCHOOL AMAZING RACE Saturday, July 9th, 2022

The Lake Beulah Sailing School Board invites you to join us for the LBSS Amazing Race on Saturday, July 9th.

This is a fun night of competition and comradery to support our Sailing School. It's the only fundraiser held each year to support our Sailing School, (a 501c3 organization). Through the generous support of our yacht club membership and sailing school families we are able to offer our youth and adult sailors an excellent, affordable sailing program.

The event begins at **4:30 at the yacht club** where the teams receive instructions for the Amazing Race. Everyone boards boats and heads to various locations around the lake. At each location there is a game to be completed (sports-themed, yard game, etc.). The games are intended for all ages and skill levels. After the games it's back to the **Yacht Club at 7:00** to socialize and enjoy hors d'oeuvres and a fabulous dinner by **Toothpicks Catering**. If you're feeling lucky you can join in the Head or Tails competition or get a syndicate together for the Horse Race. A silent and live auction rounds out the evening.

The cost of the event is \$150.00 for Adults & \$75 for ages 18-25

Want to support the LBSS? Here's how:

- Form your own team of 8 people on your boat to participate in the Amazing Race and have everyone register on the LBYC website
- Want to participate in the Amazing Race but don't have a team to join? Let us know when you register on the LBYC website and we'll assign you to a team.
- Don't want to participate in the games of skill on the lake? Join us for dinner and the auction. There is a Dinner Only option using the Registration link on the LBYC website.
- Can't attend but want to support the LBSS? There is a Donation Only option using the Amazing Race Registration link on the LBYC website.
- Auction Donation – Please contact us if you have an item to donate. Past items include vacation homes/condos, restaurant gift certificates, sporting or other event tickets, unique dinners or personalized events sponsored by a family. Be creative! Contact Dale Roble, lakebeulah@aol.com, 262.939.3390 to donate an auction item.

Register with your Team

House & Grounds

by: Greg Thomas

The Summer Solstice occurred on Tuesday, June 21. The longest daylight hours in a day, 15 hours– 21 minutes. The tilt of the earth towards the sun is at its maximum which means the sun has reached its maximum journey northward above the equator. It is also the furthest North the sun appears along the Western horizon at sunset.

The total “wobble” of the earth's axis in relationship to the orbit around the sun is approximately 46 degrees; 23 degrees North of the Equator to 23 degrees South of the Equator.

Bar Closet

The CO2 tanks in the bar closet is the driver that provides the pressurized gas propelling the beer through the line from the keg up to the beer tap and into your waiting burgee glass. The two gauges you see on the tank provide a reading of the gas in the tank usually up to 3,000 psi and the operating pressure to the tap up to 60psi.

According to Dr. Draft, these pressures are significant enough to cause concern if the tank were to tip over and damage the regulator. This could turn the cylinder into a missile.

The tanks have been chained to the plywood backing against the wall in the bar storage room to prevent this from happening.

Security Cameras

Four (4) new security cameras have been installed on the interior of the LBYC Clubhouse. These replace a system on loan from the Greensons. One camera is located in the Kitchen, Foyer, Dining Room and Bar. The master control panel and monitor are located in the LBYC Office and has the capability of recording the activity in the club for

approximately a month. There is a capability of downloading an event to a thumb drive, but the normal activity will run a continuous loop erasing and recording activity.

The new cameras are wired back to the office control panel above the suspended acoustic tile ceiling.

Tennis Courts

The sprinkling system which conditions the clay playing surface of the tennis courts is composed of seven heads sub-divided into two (2) zones. During the night, once at midnight and again at 4:00AM these heads water the courts for 20 minutes a head location. In the heat of the summer an additional third watering is done at Noon. This is done seven days a week, although the Noon cycle is omitted on the weekends.

The sprinkler heads at the end of the line tend to accumulate debris which ultimately affects the spray pattern and operation of the impact sprinkler head.

To prevent this various screened cages have been sunk in the channel where the system draws water from the Lake. Currently there is an acrylic filter assembly filled with pea gravel that weights the intake filter below the water line and provides a debris filter. Recently several tennis sprinkler heads have filled with debris and stopped working properly. The filter basket will be removed from the channel, cleaned and filled with fresh pea gravel. Filters should be cleaned on an annual basis.
