

Covid Protocol

- Only players and coaches are allowed inside the arena. No spectators allowed.
- Customers will be allowed to enter the building 15 minutes prior to scheduled ice time and must exit the building 15 minutes after.
- Upon entry a coach will take each player's temp with the provided digital, touchless thermometer. ANY player or coach with a temperature of 100.4 degrees or higher IS NOT permitted in the building that day.
- All players and coaches will enter the building through the B.H.S. Girls locker room and everyone will exit through the main entrance.
- Players and coaches must wear a face covering or mask anytime they are not on the ice. Masks are not mandatory while on the ice.
- Each team will be assigned 1 locker room (2 rooms for shared ice sessions). There are stickers on the wall in each locker room that permits 10 players per room. Any overflow can dress in the designated seats throughout the lobby and warm room areas.
- Showers are closed
- All persons who enter the building are asked to encourage social distancing as much as possible.
- Sanitizing of changing areas and players benches will take place after every change over of customers.

As this season progresses the arena may need to make adjustments and will make sure that you are all notified of such changes.
