NRYHA Coaching Evaluation

Parental feedback is an essential part of running our association. The NRYHA Board and Program Development Committee (PDC) believes that parents/guardians have opinions that have a significant impact on the attitude of the player toward their coaching staff. Communication with the parents is essential to having a good two-way relationship. The following is an evaluation form that NRYHA will be using in their "Coaching Evaluations". The results of the Parent or Guardian evaluation form will assist the PDC, the Board, and coaches in planning for the future.

Please fill out one evaluation per team.
