

HDC Meeting Minutes – February 11th, 2019

Attendance: Neil Huewe, Kurt Knott, Corey Rupp, Mike Johnson, Andy Haskell

Absent: Mike Johnson, Eric Monsrud, Tony Mannausau

Coach Evaluations – We will be getting coaches evaluation session up and running and goal to send out in next two weeks. BYHA Board asked about anonymous evaluations and HDC would prefer not as in the past people were out of line in evaluations when didn't have to put name with them and we want constructive and professional feedback. HDC will remove access and only Kurt Knott will see names and NO parent or player names will be shared with the coaches if any feedback is shared.

Update on Game Counts – Neil has added all he can at this stage and not likely to get anymore games. Discussed coaches putting together and ideal schedule to help Neil with planning for next season.

Team Updates – Overall seasons are going well with minor issues to be addressed. Bantam B Blue is having some behavior and issues with kids not being a team but Chris is addressing.

Post Season Sanford Ice – We have a lot of extra ice to use. Discussed booking ice and doing a 3x3 program for all levels. Corey will work to get the ice booked and Brent Rud is willing to organize.

BCA Ice – We had discussion again about access to more ice next year. We are going to pursue moving the City league later on Sunday's to use that ice more.

Respectfully submitted: Corey Rupp
