### Transportation Agreement

*Release of Liability for Students Transported  
To or From Extracurricular Activities*

Student Name *(Please Print)* \_\_\_\_\_ is registered for extracurricular athletics and I understand that it is my responsibility to arrange for my student's transportation to and from extracurricular contests outside of the district in the event that we choose not to use school provided transportation.

I hereby agree to hold School District #832 harmless in the event of injury to the student, including physical injury, death, property damage, or other damages while the student is being driven to and/or from an extracurricular activity by transportation other than that provided by the school district.

In addition, I agree not to assert against the district, all current, former and future members of the school board of the district, the current, former and future employees, volunteers, and agents of the district, and their heirs, executors, administrators, successors and assigns, in any court of law, any claim or claims that the student and/or the parent and legal guardian may now have, or may have in the future, whether known or unknown, based on any injuries or damages sustained by the student, the student's parents or legal guardians, or any third party while the student is being transported to activities covered by this Agreement.

I have read and voluntarily signed the release and waiver of liability, and further agree that no oral representatives, statements or inducements apart from the foregoing written agreement have been made.

***Students must have a signed transportation agreement on file in the Activities Office before a parent or guardian can choose not to have them ride school provided transportation to and from away contests.***
