## Communication – Greg Martin

- Please check and READ your emails from team coordinators AND FOLOL. Different types of critical information come from both sources depending on it is team specific, HS specific or program wide. Check you spam or junk email folder.
- Please check and READ your GroupMe daily. This contains more immediate issues to be addressed (where team tents are located, change of location, cancellation of practice).
- Please TALK TO YOUR KIDS. They have their own GroupMe's in which the coaches communicate directly with them. At the HS level, your kids should take responsibility for passing along to your information that may be important to family planning. They often get information in advance of parents.
- Please reference the Lake Orion Lacrosse website. There is a lot of information on the website including schedules, costs, registration links etc.
