

Girls Roster Policy

Published June 2021

Updated: new

Purpose: This policy is an addendum to the QCHA Travel Policy and is applicable to all QCHA Girls Travel Teams.

QCHA Girls Travel Teams will adhere to MidWest Amateur Hockey Association (MWAHA) Roster Rules and the QCHA Travel Team Policy. Additionally, the following will apply:

Practice with the Team Initiative

Girls participating in other USA Hockey programming with the QCHA or their home association may "Practice with the Team" for free up to 3 times a season. If the coach requests the player to join the roster as an Alternate/Reserve and the player accepts, the Alternate/Reserve guidance will apply beginning with the date of roster addition request to the QCHA registrar. Players must be added to the team roster before playing games/scrimmaging with the team.

Regarding Alternates/Reserves

Girls teams may roster reserves provided reserves are registered (or plan to register) for QCHA house programming (or local equivalent at home association) at the appropriate age level. QCHA dual rostered players are not eligible to be rostered as reserves on Girls Travel teams. Reserves may be added to the roster at any time until December 31st of the current season, regardless of tryout results with the approval of the Girls Travel Director.

Reserve players participate in practices and games at the coach's discretion and pay the associated expenses for everything that they participate in. Monies collected from reserve players is divided equally among the fully rostered players and applied as a credit to their monthly statement.

Non League Tournaments

Expenses associated with non league tournaments will be split equally by the number of players attending the tournament. To count as a tournament, the event must be sanctioned as such by USA hockey. Round Robin friendly or league play over a weekend does not count as a tournament.
