No changes. Approved.

Reports

President

- Extra Ipad ordered so every division has one. Cases ordered as well
- HS registration form ready to go.

Treasurer

- No expenditures at the time. First ice time bill will be forthcoming

Scheduler

- Some minor change to the schedule.
- Higher numbers are causing higher ice time costs. May need to consider higher registration fees next year to make up for it.

Coaching Coordinator

- Mike wants to remind coaches he is available for any help/advice/aid he can provide.

Dir of HS Hockey

- Tryouts at the end of October.
- The head of HS hockey has an issue with the number of teams (7) that make up our V and JV teams. Coaches are planning to submit roster as it is and fight it after the fact if need be. This potentially could leave kids without a team to play on. They aren't considering that our small size is the driving force behind the number of districts.
- First game is 11/15

Website

- N/A

Registrar

- Numbers are steady.
- Total of 156 players in the organization

(OVER)

LTPH/Mites

- Reporting good retention numbers as far as LTPH kids staying to register for hockey
- LTPH could use some extra coaches on ice.
- Mites and Mini Mites jerseys being handled by Hae Jude.
- Split practices going well
- Very few disciplinary issues.
- Skate with Santa 12/17. Open to the whole league.
- May need to buy some equipment sets.

Social Media/Marketing

- Apparel sale will be re-opened for the holidays. New sale will include some items requested by families.

New Business

- Request for alternate jersey for 16U. No need for approval from the league. Board gave it the OK.
- Financial statements will be provided by all divisions every other month. End of October will be the first one due.
- No word from the Beaver Club. Next meeting will be at Coughlin's.
- Town Hall in January? Beaver Club is ideal location. Wait and see on that.
- Holiday Dinner? 21 Brix? Colony? Probably not Campano's.
- Photos - team, closeup, full \$30
- Update on 14U player who was injured on a hit - legal hit. No action taken. Player was not wearing helmet and mouth guard appropriately.
- 14U issues - start exploring remedies for the fact that the team is mismatched.
- 14U discipline issue being handled between Andy, the coach, and the player and family.
- Player remaining on the team is 100% up to the coach.
