Vikings Hockey Club
Spring Program 2020 Update

Hello Hockey Families

As we continue to navigate through these challenging times the Vikings wanted to send along an update regarding the 2020 Spring Development Program. In light of the recent announcement from the Governor of Illinois as it pertains to COVID-19, the Vikings Spring Program will not begin on April 6th as scheduled. The Vikings are still committed to offering our Full Spring Program with slightly modified dates.

Tentatively the 2020 Spring Development Program will now begin on Monday April 13th with the regular schedule as listed in our Spring Program Literature found on our website. Two modifications will be added to the schedule. The April 10th Goalie Clinic will be rescheduled, that date and time are TBA. The final week of the Spring Program will now begin the week of June 29th and end July 2nd. The Vikings will monitor the situation closely and keep you informed if there are any further changes to the schedule.

The safety and well-being of our athletes, their families, friends and fans will always take precedence over everything else. We sincerely hope that our hockey participants, fans and friends follow the lead of the medical community and not place anyone in jeopardy of infection or the spread of infection and will further recognize that safety must always come first.

These are truly unprecedented times for all of us. Please take care of yourselves and one another.

Please check the Vikings website (www.vikingsyouthhockey.org) and Facebook page for announcements as they become available.

Nick Pollos
Vikings Hockey Director
