

P.L.A.Y. Lacrosse – Covid19 Management with City of Savage Dome

Subject to Change

Date: 11/5/20

The City of Savage has posted the Covid-19 Preparedness Plan on their website. You can find it here: <https://www.cityofsavage.com/home/showdocument?id=2511>

Here is the plan we will be operating under. Apologies in advance, it is a lot.

Information to Know First

1. People in the Dome & Lobby
 - a. Only players, coaches, and check in volunteers will be allowed in the Savage Dome.
 - b. Parents will only be allowed to be in the Dome Lobby to walk younger children to the door leading to the turf. Parents must have a face mask on and will have to immediately return to their vehicles. These parents will not be allowed into the dome proper.
 - c. There is no congregating allowed in the lobby area at all
2. Weather Appropriate Clothing
 - a. Hats, gloves, coats to the dome. Recommend not showing up in only shorts, shirts, etc.
3. Restrooms
 - a. Only 2 people allowed in the restroom at a time
 - b. Please encourage your player to use the restroom prior to arriving at the dome
4. Water and Water Bottles
 - a. Drinking fountains/filling stations will be turned off at the Savage Dome
 - b. Have your player bring a filled water bottle with them
 - c. Water bottles cannot be shared
5. Pods
 - a. Each field will be limited to 2 pods
 - b. Each pod will be limited to 25 people, including coaches
6. Reporting Covid19
 - a. If your player tests positive with Covid19, please inform Steve Sazama, pllax.vp@gmail.com, as soon as possible, with the details and specifics around the positive test
 - b. If anyone tests positive for Covid19 that may have exposed our lacrosse session, we will notify the Savage Dome, as well as communicate out to our group. We will not release the name or details, obviously, but we will let the group know that someone that participated in lacrosse might have exposed the player to Covid19.
 - c. The Savage Dome will notify P.L.A.Y. if someone in the dome not part of the P.L.A.Y> lacrosse session may have exposed our group to Covid19. We will communicate this out

to you.

Self Screening and Check In

- We will be conducting check in, in the turf area of the dome, at the field we are playing at
- We are requiring that everyone conducts a self screen with their player, of the questions below, prior to arriving at the Savage Dome.
- At check in, we will ask your player at check in if he or she is experiencing:
 - A temperature over 100.4 deg F?
 - Chills?
 - A new cough?
 - Shortness of breath?
 - A new sore throat?
 - New muscle aches?
 - New headache?
 - New loss of smell or taste?
- If any of these answers are yes, your player should have stayed home and will not be allowed to participate.
- We will NOT be taking player's temperatures, like we did this summer and fall. You will be responsible for this prior to bringing your player to the dome.

Arrival

- City of Savage is requiring a staggered arrival to limit the number of players entering and exiting the turf.
 - Field 3 (North = far field) = Arrive 20 minutes early
 - Field 2 (Middle) = Arrive 15 minutes early
 - Field 1 (South = near field) = Arrive 10 minutes early
 - If you are late, that is fine – your player will be allowed to enter the dome. Just try to follow the staggered times City of Savage laid out in order to limit the contact time with other groups.
- To determine which field we will be on:
 - You can find it on the City of Savage site here: <https://www.cityofsavage.com/parks-recreation/facilities/savage-sports-center/current-schedule> OR
 - We will have that information in the schedule, which will be populated on the PLAY Lacrosse website and the SportsEngine app.
- Upon arrival at the dome – see diagram at end of this message:
 - Everyone entering the lobby and field area MUST have a mask on. Masks for players can be removed when the field activity starts
 - Enter the Savage Dome lobby
 - Immediately enter the turf field area through the revolving doors

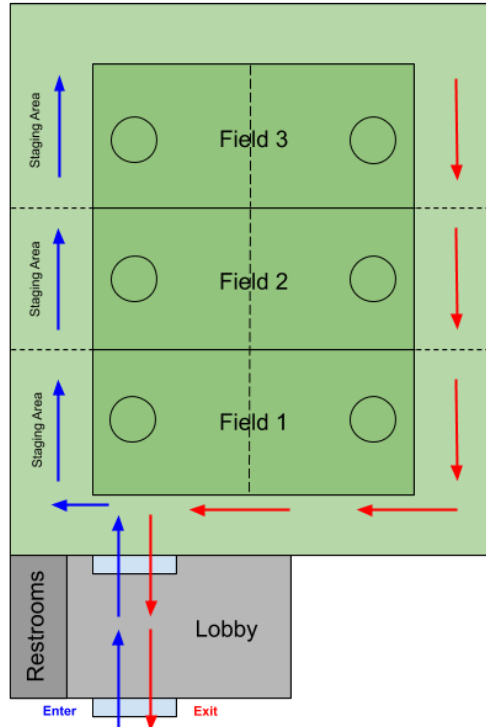

- Walk on the left (west) side of the turf, behind the nets, to the field we are scheduled to be on.
- If players do not have their equipment on at arrival, then their equipment should be put on when they are staging at our field
- We will have a volunteer immediately inside the turf area directing players to the field we are on and encouraging the players to move to our field

Play

- Coaches are required to keep masks on when coaching
- Players are allowed to take masks off when playing
- As soon as the field is vacated by the group prior using, we will move our bags/gear/coats to the right (east) side of the turf, as all groups will exit the turf from the right (east) side

Exiting the Turf

- We will have moved all gear to the right side of the turf
- As a group, we will:
 - Get coats/hats on
 - Put masks on
 - Exit the turf along the right (east) side of the turf, go into the lobby and outside the dome front door
 - Walk the entire group out to sign that corresponds to the field we were on. There are three signs in the parking lot that corresponds to the field we were on. This is where you will pick up your child.
 - We recommend being in the Savage Dome Parking Lot @ 6:55 PM, so that you can pick up your child, without your child staying outside too long.

If the Session Gets Cancelled:

P.L.A.Y. has created a formal stance on refund:

1. There will always be a \$10 administration fee tied to any refund, regardless of reason.
2. P.L.A.Y. will issue a prorated registration refund, less the \$10 admin fee, based on how much of the session has been completed.
3. Weather related cancellations are not included in this refund policy.

The decision as to whether to cancel the session will be determined by the P.L.A.Y. board and will be based on the decisions, actions, and recommendations of the PLSAS district (regarding in school attendance and extracurricular activities), the MSHSL, MDH, and City of Savage.

From MDH:

If you have a case of COVID-19 or one is reported to you, notify MDH by email at health.sports.covid19@state.mn.us.

- MDH will be available to answer questions you have and can provide guidance. MDH also has template notification letters for close contacts or others on the team who may have questions about their risk of COVID-19.

- MDH/LPH will interview the case or parent/guardian, determine the dates when the case was infectious, identify anyone that may have been exposed, and collect contact information for those individuals.
- People identified as exposed (close contacts) are those who spent at least 15 minutes within 6 feet of the case while the case was infectious (the infectious period starts 2 days before symptom onset, or 2 days before the case was tested, if they had no symptoms).
- Exposed persons (close contacts) will need stay home for 14 days from the last contact with the COVID-19 case.
- If necessary, MDH may contact your organization for information on close contacts.
- It is important to keep rosters of who was at practices and games each day so we can do contact tracing quickly. For more information on how we do contact tracing, see Tracing COVID-19 (www.health.state.mn.us/diseases/coronavirus/tracing.html).
- You can find more information on what contacts need to do at What to Do if You Have Had Close Contact with a Person With COVID-19 (www.health.state.mn.us/diseases/coronavirus/contact.pdf). COVID - 19 SPORTS GUIDANCE FOR YOUTH AND ADULTS 11 of 13
- Individuals who are sick with COVID-19 will need to stay out for 10 days from symptom onset. You can find most up to date information on these recommendations at If You Are Sick (www.health.state.mn.us/diseases/coronavirus/sick.html). ☑ In general, you do not need to cancel practice or games once you hear of a case. If such steps are needed, MDH/LPH will reach out to you and work with you to determine next steps. ☑ If you know you have a case but haven't heard from MDH or LPH and you still have concerns or need notification resources, please email us at health.sports.covid19@state.mn.us.
