

**Ontario Volleyball Association (OVA)
Strategic Planning 2021-2025
Targeted Community Forums (TCF)**

Forum Intent: Following the Volleyball Community Survey, to engage members of the volleyball community in a discussion about key priorities and opportunities that will help the OVA develop the very best strategic plan to serve the volleyball community from 2021-2025.

Dates:

Friday, June 26th – 10:30am-12:30pm via Zoom

Monday, June 29th – 7-9pm via Zoom

TCF Participants should be those individuals who have an understanding and experience within the volleyball community that will allow them to productively contribute to a conversation about key strategies that will help continue to drive the sport forward.

Those who wish to participate (each session has a limit of 50 people) must:

1. Complete the Advanced Work by **11:59pm on Wednesday, June 24th**. Participants must complete this by the deadline in order to take part. This will take no more than 15 minutes to complete and participants must be prepared to have their feedback shared with other members of the forum. The Advanced Work link can be found here [OVA Advanced Work Link](#)
2. Register here
 - June 26th – <https://nrs.volleyball.ca/Event/Details/7111>
 - June 29th – <https://nrs.volleyball.ca/Event/Details/7112>
3. Be prepared to take their “program hat” off, be both honest and respectful and lean into an opportunity to dialogue with other individuals who care deeply about the sport of volleyball in Ontario.

See below for Survey Feedback

Survey Feedback:

Recently, 1,000 members of the Ontario volleyball community took part in the Ontario Volleyball Community survey as part of the 2021-2025 strategic planning exercise. You will find below summaries of the top priorities and opportunities. As well, each group has been broken down (athletes, coaches, etc.) in order to get a sense of how the feedback differed, or didn't, across different groups. While completing the Advanced Work participants will be asked for thoughts on priorities and opportunities relative to the feedback.
