2-Dan/Cherry will handle cc'ing coach to parent on the evaluations. Coach will not be responsible for emailing the evaluation out.

3-Comments on the evaluations

- Please be honest/straight with player on their evaluation. Accuracy matters!
- Give them specific feedback/input on what they can work on in the summer.
- Help the next coach and the DOH of hockey.
- 10 min/kid-don't try to find the perfect word
- 4's are should be rare in the On-Ice Evaluation. Remember that part of the evaluation is to inspire player to do something over the summer to improve, but be specific as to what they should be doing

4-There are two samples of evaluations on the coaches corner. Please take some time to look at the Powerpoint on the Coaches Corner with deadlines on practice plan reviews, CEP/Safesport deadlines, and registration guidelines for 2025.

Thank you for all you do.

-Dan Houck
