

10/7/20

This document contains updates to traveling program payment and subsidy dates, and transaction details for players who do not make a traveling team.

TRAVEING PROGRAM PAYMENT TIMING

Since registration was delayed, the traveling program payments will be collected on 10/15 and 11/15. Originally, we had stated these would be collected on 9/15 and 10/15.

TRAVELING PROGRAM SUBSIDY TIMING

We had communicated that if there is a traveling program subsidy resulting from our hosted tournament revenue in December, that the subsidy amount would be provided as a refund to traveling families (who volunteer at our hosted tournaments) in January 2021. Since our hosted tournaments won't take place in December, we will not know if there is a refund to provide in January. After our tournaments are held in February (if they are held), it will be determined if there is a traveling program subsidy, with the corresponding refund provided to families in March 2021.

PAYMENTS AND REFUNDS FOR PLAYERS WHO DO NOT MAKE A TRAVELING TEAM

The registration process identified which portions of the total fee are not refundable, but wasn't detailed about transactions for players who try out for traveling, but do not make a traveling team.

If your child does not make a traveling team and plays in house (and needs an in house jersey)

Costs		Transaction Detail
