

As part of the **Performance Index** USA Wrestling has created we would like to get as much of our state results into the USA Wrestling system as possible. To do so we ask that you go to your current and past events on track and do the following. PIN will be used to determine the 2023 Junior National Dual teams.

1. Login as an Admin into the event on trackwrestling
2. Go to Setup ->Settings in the menu

3. Select USA Wrestling as the Governing Body in the dropdown and Click “Save Tournament Info”

4. Next a box will appear under the Governing Body called “USAW Event ID”
5. Add the 10 digit Event ID from the attached Spreadsheets into that field and once again hit “Save Tournament Info”

After that USA Wrestling will be able to pull your result data into the USA Wrestling Performance Index.
