

## Cut Shot Volleyball Club Announcement

**We are pleased to announce the partnership of DIGS and Cut Shot Volleyball Clubs, two of the original volleyball clubs in Bergen County, NJ. In this new partnership, DIGS will provide competition teams competing in both GEVA and overnight tournaments while Cut Shot will offer volleyball skill training opportunities and clinic style programs (See Youth Clinics for more information). DIGS will operate out of gyms in Waldwick, Oakland and Fair Lawn. Cut Shot will continue to offer their services in Fair Lawn and Wyckoff.**

**Cut Shot's focus will be on developing the younger players in establishing fundamental skills and expanding instruction and understanding of volleyball. Their clinics and training opportunities will be offered from September through May in both practice and clinic formats.**

**DIGS will continue to offer the traditional competition season from November through May with multiple teams in age groups from 13 - 18 years old. These teams will be selected through a tryout process at the end of August. After selection, DIGS will continue to offer team practices with the focus in refining specific positional skills, game theory and team development. Little Spikes, a volleyball training series offered in the spring for girls 9-12 years old, will be collaboratively run by both DIGS and Cut Shot.**

**This partnership will allow both programs to focus on expanding interest and participation in volleyball to a larger number of girls and young women in Bergen County and the surrounding communities.**

**Stay Tuned for Updates on all our programs slated for this fall.**
