

## Treasurer's Report April 8, 2018

The Skating Association of Maine has once again had a very successful year with our hockey and figure-skating programs. We continue to grow and unite skaters beyond our home at the Ice Vault.

SAM fundraising appreciates another successful year due to the leadership of our fundraising chair and the efforts of families and friends who give generously of their time while supporting our skaters. We also want to express gratitude to the many businesses and individuals who continue to support SAM and keep our organization strong. Investment in our youth provides scholarships, activities and opportunities that help our skaters build upon their skills and accomplish their goals.

Congratulations again to all our skaters for their achievements this year. You are winners on and off the ice.

Happy skating,

Sandra Prescott  
SAM Treasurer
