ORONO GIRLS HOCKEY

ABOUT US

In 1994, the Minnesota State High School League (MSHSL) became the first state to sanction girls' high school hockey. The MSHSL hosted their first ever Girls' State High School Hockey Tournament with 454 participants from 35 different schools. In 1996, Kevin Dulin and Keith Radloff led the proposal and justification for a girls' high school hockey program in our community. At that time, both Dulin and Radloff had daughters in the high school age group who had played on the initial youth teams formed in the community and together they provided the leadership to grow the game providing high school female athletes a winter sports opportunity in the game we all love.

The school districts' approved the co-op team with the Mound-Westonka High School during the 1996-1997 season and the Orono Mound-Westonka (OMW) team was formed. Pat Furlong from Mound Westonka and Keith Radloff from Orono were the first coaches for this team. The OMW team practiced and played games at the Harold J. Pond Sports Center in Mound until construction on the Orono Ice Arena was completed in 1997, after that practices and games were alternated between both sites.

During the inaugural 1996-1997 season, there was only one class for girls' hockey in the Minnesota State High School League. OMW was placed in a section with Blaine, North Wright County and a few other teams. The OMW team was the Metro Alliance Conference Champions during the first two years out of the three years they were in existence.

As excitement grew for girls' hockey programs and opportunities for girls' athletic programs multiplied, the co-op with Mound-Westonka split in the 2000-2001 season to offer more female athletes in our community opportunities to play a winter team sport. Coach Radloff was recruited to the Girls High School program for the Blake School and Coach Furlong led the now separate Orono Girls High School Hockey team (OGH). During the years following the split of Orono Mound-Westonka Girls Hockey, there were several different high school coaches at Orono, including, Craig Sarner, Ashley Albrecht, and Kevin Armstrong. In 2011 Orono High School welcomed Coach Radloff back into their program as head coach of OGH.

From 2011-2017 Orono Girls Hockey was led by Keith Radloff and Steve Persian. In 2017-2018 Coach Persian and Coach Radloff led OGH further than ever before to the Section Championship game. OGH took 2nd place in sections losing the Section 5A Championship game in a well fought game vs Breck. Breck became the eventual Class A Minnesota State Championship team.

From 2018-Present Orono Girls Hockey has been led by Sean Fish. In 2019-2020 Coach Fish led OGH to a 17-10-1 record and their second Section Championship game. We lost to Breck once again and took 2nd place in section 5A. Breck went on to win their third straight Class A state title. Coach Fish earned Section 5A Coach of the Year. The 2020-2021 season was another great year, finishing with a record of 13-6-1 and played in the Section Championship game for the second consecutive year, falling to Chisago Lakes in overtime.

Orono Girls High School Hockey enters the 2022-2023 season in section 5A. The Metro West Conference is made up of eight teams, Benilde-St. Margaret's, Bloomington Jefferson, Chaska/Chanhasen, Holy Angels, Minneapolis, Orono, New Prague and Waconia.

The OGH program believes in its strength by unity, leadership and character. We are proud of the educational philosophy provided by Orono High School, which is the foundation for the program, the organizational structure, and the existence of all extra-curricular activities for our students. Girls hockey helps students realize their maximum potential for physical, social and emotional growth. It is a goal of the Orono High School Athletic department to promote success and growth while always respecting others.

- We believe that interscholastic athletic competition should be an integral part of the total school program and serve as a reflection of the needs of students and the school community.
- We believe participants can be taught to win in a gracious manner and accept defeat in the same fashion.
- We believe participants can find purpose in their school work and carry that purpose forward in their lives as a result of a sound athletic and activity programs in the schools.
- We believe athletic competition provides real value for the student body and school community.
- We believe in a sound athletic department based on a sound philosophy can improve school and community morale and become a positive outlet for energy and enthusiasm.
- We believe the welfare of the individual is always the primary concern. The competition exists for the student-athlete. The student-athlete does not exist for the game.
- We believe the community should realize that control of, and responsibility for high school athletics rests entirely with the administration of Orono High School and the Orono School District.

Expectations are high for the Orono Girls Hockey team after a Section Championship and 3rd place finish at the Class A State Tournament in 2022. However, after graduating three of the team's leading scorers, several players will be needed to replace last season's impressive offensive outburst of nearly 5.5 goals per game. The team will return one of the state's top goalies and the entire defensive core. The Orono Girls Hockey community continues to grow, and this season's team will benefit from the number of players committed to improving. In addition, our team welcomes Coach Larry Olimb to assist the group in reaching its goals. Larry is a previous "Mr. Hockey" award winner and former University of Minnesota Golden Gopher hockey player and has coached Youth and High School hockey. We hope to see all our fans at the games as it is anticipated to be an exciting and entertaining season.

GO SPARTANS!

2022 Section Champions

2022 3rd Place in the

State Hockey Tournament

The 2021-22 season marked the first time the Orono Spartan Girls Hockey Team made it to the State Tournament in school history.

We asked the girls to give “**one word**” to describe their experience from last season.

Exhilarating Celebrating after the Section victory against Holy Angels in front of a home crowd gave the entire arena a jolt of energy.

Epic Understanding that the team had lost in the Section Final in 3 of the last 4 years added a little more drama to the story.

Memorable Spending three days and nights in glorious downtown St. Paul with your teammates will leave that impression.

Exciting Having the semi-final game televised to the entire state was quite a thrill.

Surreal Skating out in the Xcel Energy Center. Seeing your face on the big screen. Having the entire section of an NHL arena cheering for you. I can understand the feeling.

Out of this World Well, perhaps the experience was so exhilarating, epic, memorable, exciting, and surreal, that “one word” just isn’t enough to describe it.

WHY OGH IS IMPORTANT TO ME

SOUND OFF, SPARTANS!

SENIORS

OGH has been the best part of high school for me, and the best team that I have ever been a part of. Coming in as an 8th grader I was scared to be around girls that were so much older than me, but I immediately felt welcomed by the girls on the team and the community that supports us. The girls on this team and the atmosphere that they create truly is something special and I am so lucky to get to experience it year after year. Getting to play with the girls I enjoy being around and having fun while also being successful is such a cool thing to have and I am grateful that I get to be a part of it. I would not trade the time I've spent with my team for anything in the world. - **Celia Dahl #30**

OGH to me means family. I have never been a part of something so close knit. Being surrounded by some of my best friends while playing the sport we love, is an experience I won't encounter outside of this organization. I have been positively influenced from both my teammates and coaches over the past four years, and can't thank them enough. I love this program and hope in the seasons after me, each player can have the same experience that I've had. Thank you OGH! I love you!
- **Mae Grandy #4**

OGH is important to me, because of its community and my undeniable passion to play the sport. Nothing beats spending time with my wonderful teammates/girls on the ice.
- **Josie Raiche #16**

Hockey has never been something that I have been great at, or even something that I have particularly loved; until highschool hockey. OGH has showed me what it truly means to be part of a team both on the ice and off, it has given me some of my best friends, and it has taught me countless life lessons, and I wouldn't trade it for the world.
- **Bridget Kringen #7**

I put a lot of importance on hockey, not just because I play it but also because it's a lot of fun to be around OGH. Hockey, in my opinion, is all about teamwork and creating connections with your teammates. Every single one of the OGH girls can make you smile, and they are all incredibly kind and encouraging.
- **Taylor Effertz #2**

JUNIORS

OGH is important to me because we all form a deep friendship that lasts beyond OGH, we become a family and help each other grow not only in hockey but also outside. - **Alexa Niccum #25**

Hockey is a big part of my life. I have made some of my best memories in this sport and couldn't imagine not doing it. OGH is very important to me as it is my second family and has been the highlight of my high school experience. - **Grace Bickett #20**

Hockey has always been a super important part of my life; no matter what was going on I could always destress & find happiness at the rink. OGH is like a second family to me, & we all have so much fun together. The fact I get to do the thing I love with all these girls is such a blessing. - **Allie Pleimann #28**

Being a part of a family. - **Danielle Pearson #27**

Hockey really means a lot to me because of all the new people I meet and all the life lessons I learn in the process. OGH is important to me because we're all really close and it honestly feels like a family. - **Brooke Rose #22**

SOPHOMORES

Playing hockey means so much to me and has taught me so many important things applicable to life outside of hockey as well. OGH is very important to me because it is a challenging environment where I can show up every day and expect my teammates to challenge me and themselves. We all better ourselves and have a great bond off the ice that creates friendships for life.
- **Zoe Lopez #10**

Hockey means a lot to me, it is the sport I love, and a time where I get to spend time with the people I love. OGH is very important to me because it is like my second family, I don't know what I would do without my teammates in my life. - **Alex Paulsen #15**

Playing hockey is what I love to do the most. It's my "happy place". It's fun, competitive, and challenging, and will always have a piece of my heart. OGH is extremely important to me because this team is my family. We have so much fun together making memories that will last forever. We work hard, compete hard, and get business done! - **Macy Rasmussen #23**

OGH Mission Statement

OGH is committed to creating and maintaining an environment in which young women can thrive through adversity, independence, hard work and camaraderie.

Hockey has always been a way for me to forget about everything going on in my life. I can take my anger out and bond with teammates. - **Anna Rausch #14**

OGH and just hockey in general are important to me because hockey brings structure to my life, when things are constantly changing and are out of my control I can always walk in the rink and know what to expect. When I walk in to the rink, I can always count on being challenged but I know my teammates cheering me on through it. - **Este Ryskamp #24**

OGH is important to me because it's like a big family where everyone supports each other and we get to spend so much time and work hard with each other on and off the ice. - **Jaid Schultz #5**

OGH is important to me because it's like my second family. OGH to me means getting to do the thing I love most with the people I love, and creating friendships and memories that will last forever. I love our competitive and pushing each other to get better culture on the ice, but also our family like and supportive culture off the ice. - **Anika Fortin #8**

Playing hockey is important to me because it has let me make lifelong friendships and learn important life skills that will help me for the rest of my life. - **Maddison Forsyth #1**

Playing Hockey to me is more about the people you meet and the friends you make for the next couple years, you'll always have them by your side - **Nia Gilgenbach #36**
