If you cannot work your shift – please trade amongst yourselves; just ensure the shift is covered. (Please be at game ~ **20 min** before the start of your shift – in case games start early – if you are scheduled for the table at the start of the day or when there has been a break, please be there an hour before the start of the game) – let me know of any trades, so I can have on master list at the tournament. Thank-you!!

** RLF location subject to change – if re-located, an updated schedule will be sent
