

IGHHA Board of Director Application

Name: Kelli Milner

Email Address: kmilner0027@gmail.com

Why are you interested in running for the IGHHA Board of Directors?

I would like to see every skater have the opportunity to develop, whether recreation level or an A player. I see an opportunity to make suggestions, work with existing members, and help make changes in the Association to move it forward.

What skills would you bring to the IGHHA Board of Directors?

I have seen all levels of hockey, development and coaching. I have been a level coordinator, team manager and tournament coordinator in Inver Grove Heights. I feel my contributions to this Association are not complete. I would like to move onward to the operations of the Association, to determine what we can do to stimulate growth and development.

Number of children in IGHHA program:

2 currently-3 potentially.

Additional information you would like to share:

I have heard rumors of a merge with Eagan. I was asked by St. John Vianney School to sit on the board to merge 3 schools (St. John Vianney, St. Michaels and St. Matthews) to create a new school (Community of Saints Regional Catholic School) 7 years ago. I have witnessed first-hand what needed to be completed to make it work, from selecting the name, selecting uniforms to managing the differences between the parishes. To date, the School is still operating.
