

**2024 GIRLS DISTRICT-SPECIFIC
PLAYER DEVELOPMENT GUIDE**

USA Hockey Girls Player Development District-Specific Guide

The USA Hockey Girls Player Development District-Specific Guide outlines the 2024 girls player development process in each of the twelve districts. This guide provides information on the opportunities available in each district and shows how a player may progress through her district's player development process to be eligible for opportunities at the district, regional, and/or national level. At a national level, girls from the 2006, 2007, 2008, and 2009 birth years, who are U.S. citizens and complete the district tryout process, will be eligible for potential advancement to one of the following age-specific Girls National Player Development Camps:

<p align="center">Girls 15 Player Development Camp <i>(July 25-30 & Goalies July 23-30)</i></p> <p align="center">216 players</p> <p>Each district receives allocated spots for the 2009 birth year generated by registered female players in each district.</p> <p>*Goalies selected must also attend the Girls 15 Goalie Camp July 7-10*</p>	<p align="center">Girls 16/17 Player Development Camp <i>(July 19-24, 2024)</i></p> <p align="center">152 players</p> <p>Each district receives allocated forward and defense spots for the 2007 & 2008 birth year generated by the prior performance of that districts' specific birth year. Goalie spots are all considered "at large."</p>	<p align="center">Girls U18 Select Player Development Camp <i>(August 4-9, 2024)</i></p> <p align="center">76 players</p> <p>There are no set allocations for this camp. The USA Hockey national scouting / evaluation staff and Tryout Directors in each District will collectively determine who is selected for this camp from the 2007, 2008, and 2009 birth years.</p>	<p align="center">Girls 2006 Training Camp <i>(July 19-22, 2024)</i></p> <p align="center">38 players</p> <p>USA Hockey will select 2006 birth year players for this camp through national scouting of in-season competition. No tryouts will be held at the Affiliate or District level for this camp. Players will be notified on the National Notification date.</p>
---	--	--	--

Players may also be eligible for opportunities at the district and regional level. Most opportunities focus on the 14 to 17 year old age range (2007-2009 birth years); however, additional developmental opportunities may be available in some districts for the 2006, 2010, and 2011 birth years. These opportunities will vary in each district and are included in each districts' player development process in this guide. For more information, please contact the Girls Council Representative in your district.

Because each district is responsible for designing its girls player development process, it may vary from district to district (i.e. birth years included, location of tryouts, regional opportunities, etc.). Because the districts are not all identical, the size of a district, the number of girls registered in that district, and the geographical proximity of the registrants in the district are a few of the factors that influence a districts' player development process.

For more information on the 2024 Girls National Player Development process and specifics on each of the girls national camps, please read the [2024 Girls U18 National Player Development Guide](#).

Note: This information is specific to the 2024 player development process and the process, dates, locations, format, cost, number of players, etc. may vary from year to year. Additionally, the 16 and 17 year olds (2007/2008 birth years) are combined in the district-specific progressions, but these birth years are evaluated separately and have distinct, birth-year specific player allocations for district, regional, and national opportunities.
