NEW LOGO

A new logo has been created for the Angel's teams. While the previous design has proudly represented the program for many years, the updated version brings a cleaner, more versatile, and contemporary look — while still honoring the identity and spirit that define BNGSA Angel's softball.

- **Modern and streamlined design** enhances visual appeal across digital and print platforms.
- **Focused branding** with the iconic halo keeps the spirit of the original while eliminating clutter.
- **Simplified wordmark** improves legibility and scalability for small-format uses (e.g., hats, social media, uniforms).
- **Cleaner typography** conveys a more polished and contemporary brand identity.
- **Professional look and feel** aligns better with current branding trends and player expectations.

NEW LOGO COMBINATIONS

There are a few combinations available depending on the background and overall design context. Importantly, the signature “A” remains a key visual element and will continue to serve as a strong, recognizable anchor in our branding across all formats.

CONSISTENT UNIFORMS ACROSS TEAMS

To strengthen our identity and enhance the overall experience for players, families, and coaches, BNGSA is standardizing uniforms, helmets, bags, socks, and belts across all Angels teams. This change will ensure consistent branding for the Angels program and the broader BNGSA organization, making our teams more recognizable and unified. Each team will be able to choose from six uniform styles and decide how many sets to purchase, along with their preferred combinations of socks and belts. The selected uniform designs follow a more traditional look that reflects the history and legacy of the Angels, while also aligning more closely with the styles worn by many collegiate softball programs. This unified approach not only simplifies the process for coaches but also enables volume pricing to help reduce costs and promote a stronger, more connected program for all players.
