

Parents/Coaches/Convenors

On behalf of The Pas Minor Hockey, I would like to thank you all for your patients as we work through our Return to Play and get ready to open Registration.

Before we can allow anyone to go on the ice, we need to have 2 key people in place; a communications officer (will be the convenor) and coaches.

The format this year at least to start will be ice sessions by birth year; meaning we need coaches for 1st year kids and for 2nd year kids in every level as they will have separate ice time.

With Hockey Manitoba and KRC's Return to Play Protocols, we will have to do hockey different, including how we run drills, how we check in to the rink, and many other things.

I will be emailing Convenors/Coaches a package of the Return to Play Protocols from KRC/HM and will be available to answer any questions or can meet with individuals if needed at the awards night (to be announced).

Again, we cannot stress the importance of having these pieces in place in a timely manner to ensure we can allow kids to get on the ice. **We still need many coaches**

Applications or emails are fine since there is no Rep hockey until at least Nov 1st, so our main focus is the House League/development part of the season.

As HM has reminded us, things will remain fluid as changes can happen overnight.

Again, thank you all for your patients,

On behalf of TPMHA,

Sincerely,
Chris Richardson
President
