VENUE

"The World's Only Corn Palace is Mitchell's premier tourist attraction. Some 500,000 tourists come from around the nation each year to see the uniquely designed corn murals. The city's first Corn Palace was built as a way to prove to the world that South Dakota had a healthy agricultural climate.

Eight years before the turn of the 20th century -1892- when Mitchell, South Dakota was a small, 12-year-old city of 3,000 inhabitants – the WORLD'S ONLY CORN PALACE was established on the city's Main Street. During its over 100 years of existence, it has become known worldwide and now attracts more than a half a million visitors annually."

The "Famous South Dakotans" theme adorned the Corn Palace in 2023 and into 2024. One of the largest of the nine murals features Mitchell basketball legend Mike Miller glancing at the row of Mitchell High School boy's basketball championship banners that hang from the rafters.
