

Fond du Lac Youth Basketball – Sponsorship Form

Dear Community Partner,

Fond du Lac Youth Basketball is proud to serve as a positive experience for youth in our community. We are a nonprofit organization dedicated to providing boys and girls in grades 3–8 with a positive, competitive basketball experience that builds both athletic skill and personal character.

Each year, around 200 young athletes from Fond du Lac come together to grow as players, teammates, and leaders. Through competitive league play, weekend tournaments, skill-building sessions, and offseason opportunities, we help kids develop not only their basketball abilities but also lifelong values like teamwork, discipline, and sportsmanship.

In the 2025–26 season, Fond du Lac Youth Basketball will host six tournaments at Fond du Lac High School, drawing teams and families from across Wisconsin. Each tournament features four grade levels with eight teams per level, meaning over 30+ teams per tournament compete here in Fond du Lac. These events bring hundreds of families into our community, offering sponsors outstanding visibility while directly impacting youth.

We invite you to partner with us by selecting one of our sponsorship levels outlined below. Your support will help us continue to grow the game of basketball and inspire the next generation of Fond du Lac student-athletes.

Organization Overview

Fond du Lac Youth Basketball is a nonprofit organization dedicated to providing a positive, competitive basketball experience for boys and girls in grades 3–8. We serve students enrolled in Fond du Lac public schools and homeschooled students within the Fond du Lac School District. We also rely on strong family engagement and volunteer participation to make our programs accessible and impactful.

Our mission goes beyond the court. We believe basketball is a tool for building character, teaching life lessons, and developing future leaders. Through our program, young athletes learn discipline, teamwork, communication, and resilience. These skills that carry into the classroom, their future careers, and everyday life.
