

TWIN CITY TWISTERS

PROUDLY PRESENTS

THE 29TH ANNUAL

Northern & Lights

Classic

20
24

MINNEAPOLIS CONVENTION CENTER
MARCH 1-3, 2024

TWISTERS, INC
BOOSTER
CLUB

Welcome Gymnasts, Coaches, Parents, Family & Friends!

The TCT Booster Club is proud to be your host for the
2024 Northern Lights Classic
where the gymnast is the **STAR** of our Northern Lights!

It is our goal to make this meet a positive, safe and enjoyable
experience for all involved.

Please help to make this a successful meet:

- **No flash photography/video lights in the meet hall** – Flashes are distracting to the gymnasts and can potentially be dangerous. Please ensure your **VIDEO LIGHT** is also off. However, feel free to use flash photography/lights during the awards presentations in the awards rooms.
- **Emergencies/911** — In the event of an emergency:

DO NOT CALL 911 FROM YOUR CELL PHONE,

USE THE IVORY HOUSE PHONES & DIAL 2013

The Minneapolis Convention Center is a large facility and the Convention Center Staff will be able to help emergency personnel respond faster to emergencies in the facility.

- **Masks** – Masks are not required, but everyone is welcome to wear them to help keep everyone healthy and safe.

- **Seating** – The bleachers are set as the viewing area for spectators. No spectators are allowed on the competition floor.
- **Food and Beverages** are allowed in the bleachers. Please be responsible and pick up after yourself when leaving the facility.
- **Children** – Please supervise children at all times.
- **Awards** – The awards ceremonies will be held immediately following each session just outside the meet hall entrance. See signage for location details.
- **Lost & Found** – Can be found in the Coaches/Volunteer Check In room.

On behalf of Twin City Twisters coaching staff and Twisters, Inc. Booster Club we express a sincere **THANK YOU** to all parents, staff and community sponsors supporting our program.

We hope you all enjoy our meet and will be back again next year!

Sincerely,
**Twin City Twisters Coaching Staff
& the Twisters, Inc. Booster Club**

BEST OF LUCK TO ALL OF THE GYMNASTS!

GYMNASTICS & BALL SPORTS UNDER THE BIG TOP

PorterCamp welcomes athletes of all levels aged 7-18. We offer the perfect combination of gymnastics training & ball sports combined with traditional boys and girls camp activities. Hosted in a non-traditional space, our campers enjoy 4 hours of coaching for gymnasts and structured play for ball sports. Our elite coaching staff and spirited counselors ensure campers improve their skills in a safe, low-stress environment.

When not training, our campers test their fearlessness on our climbing wall, get their hearts racing on our zip line, and show off their competitive side with field sports. After spending some time on land, our campers cool off with a dip in the lake and take a turn waterskiing or wakeboarding.

For one enchanted week in August, we rejuvenate our spirits while making life-long friends in a truly beautiful place.

DONATE / BECOME A TEAMMATE!

Please consider helping Brax & TB1F by becoming a Teammate.

By becoming a TB1F Teammate you are actively making a difference and brightening the day of patients and families at the University of Minnesota Masonic Children's Hospital. Please see the tiered options below and the teammate gifts made possible by TB1F's sponsors and partners.

If you'd prefer to just make a single donation that doesn't fall into one of Teammate tiers below that's awesome too! Any donation of any size adds up and makes a huge difference.

Thank you to all participating gymnasts. One dollar from each entry fee is donated to TB1. That's over \$1300 this meet!

Favorite Event: Bars

Thank you:

Thank you to the people who made me want to come into the gym. My teammates and coaches have carried me through this sport and made every practice worth it. I have been gifted these teammates who have made a world of difference in my gymnastics career. Thank you to the coaches who have pushed me to always strive to become the best version of myself and given me people to look up to. Thank you to my parents who never fail to ask me how a practice went and who wear lucky socks to all my meets. Thank you for being the people I want to be like one day and creating this amazing life for me.

Gymnastics has taught me:

Gymnastics has taught me just as much about myself as others. I have learned to lean on people to push me to reach my goals while also using these experiences to become self-motivated. Gymnastics has taught me failure is needed to appreciate the successes. I have learned to value people and gain the most out of every situation. I will forever be grateful for the life lessons I have learned from gymnastics.

Advice to my teammates:

To my teammates, find someone to strive and be like. Listen to your older teammates and coaches. Don't be afraid to talk to older girls, they are more than willing to help and have most likely been in your position before. Focus on your next step in the gym, don't get comfortable, you can always contribute more to the team. This is an individual sport, but it's more about the team than anything else. I believe everyone has the ability to become a leader, it's about believing in yourself to get there. Lastly, everyone says timing is everything, but it truly is. Learn to be grateful for every minute spent in the gym with your teammates.

Plans after Graduation:

Attend UW - Madison, San Diego State or University of Arizona

Congratulations - Grace Drexler

TCT Senior Class of 2024 - Level 10

Years in Gymnastics: 14

Nickname: G, Drexler

Favorite Event: Vault

Gymnastics has taught me:

Keep trusting the process and remember that hard work will always be rewarded. When faced with adversity or challenge, there is always a way to figure it out.

Advice to my teammates:

I am a firm believer that everything happens for a reason, so when you experience a low, remind yourself a high will come out of it. Keep showing up for yourself each day, and everything will work out how it's supposed to. Never give up on your goals, there is always a way to reach them. Most importantly, remember to find the fun and joy in our sport, try to keep things lighthearted and take the pressure off yourself.

Plans after I graduate:

I will be attending the University of Arkansas this fall to continue my gymnastics and academic careers.

Thank you:

There are no amounts of words to express my gratitude towards my entire support system and people who have helped me get to this point, both as person and gymnast. First and foremost, I want to thank my family for sacrificing countless things in their life to accommodate my goals and dreams. Mom and Dad, thank you from the bottom of my heart for every opportunity you have provided me, and your unwavering belief in me. You guys are truly my biggest supporters and role models, and having you guys as my parents is something I thank God every day for. To my brothers, thank you for showing your constant support on my gymnastics journey, I admire and look up to each of you every day. Finally, to the rest of my family, friends, coaches, teammates, and teachers, I can't thank you guys enough for your continued belief in me, I feel very blessed to be surrounded by so many amazing people.

Gymnastics has taught me:

How important friendships are.

Advice to my teammates:

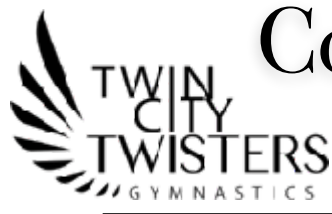

Make every moment count.

Thank you:

Thank you to Jason, Yurim Lindsay, and Mark. Thank you to my amazing parents and our amazing team.

Plans after Graduation:

My plan is to major in business or the pre-law track, but undecided where.

Gymnastics has taught me:

Gymnastics has taught me determination, courage, discipline, and confidence. Just as importantly it has also taught me how to believe in myself, the power of a positive mindset, to not take anything for granted, and how to determine my own success.

Advice to my teammates:

Find light in every moment and don't put too much pressure on yourself. Everything happens for a reason and have fun

Plans after I graduate:

I will be attending the University of Arizona to continue my gymnastics and academic career. Bear Down!

Thank you:

Thank you to my coaches for all the amazing opportunities they have given me and the constant support. Also thank you to my teammates for always cheering me on and laughing with me during the hard times. Lastly, I want to thank my parents for the time, energy, and money they have spent supporting me and helping me reach my goals. I am so grateful for everything and truly wouldn't have accomplished anything without all of you.

Gymnastics has taught me:

Gymnastics has taught me so many valuable lessons that I will take with me for life. There are times when this sport is challenging, but these difficulties have helped to shape who I am today. I've learned grit and resilience, hard work and determination, and how to respond to setbacks. I've learned the importance of a team and the criticality of surrounding yourself with people who lift you up. I've been able to hold a passion that I would not have without gymnastics.

Advice to my teammates:

Take every opportunity and enjoy the process. There are so many incredible experiences available to you, so take advantage of them all. Don't take any of it for granted — being able to do this sport and be on this team is a tremendous blessing that many people are not able to have. Be grateful for it all and enjoy the journey. There will be difficulties and challenges, but there will also be accomplishments and success. Embrace it all; it only lasts so long. Everything that happens is part of a bigger plan; your time in high school will be over before you know it, so really take in all that you can!

Plans after I graduate:

I plan to attend a 4-year university with a major in biology on a pre-med track.

Thank you: There are not enough words to express my immense gratitude to all the people who support me every day. A HUGE thank you to my parents who are there for me no matter what and to my brother who serves as an inspiration for me every day. They are my biggest cheerleaders and I truly can't thank them enough for everything. Thank you to my coaches who put so much into helping me grow, not only as an athlete, but also as a person. I am so thankful for them and their influence in my life! Thank you to my teammates and friends, who are always there to support me. Their encouragement means the world to me and I am beyond grateful for them all.

Gymnastics has taught me:

Patience and gratitude. Whether it's re-learning a nagging skill or celebrating the little victories. Also, to stay determined. Hard work doesn't pay off unless you try.

Advice to my teammates:

Keep on smiling, if not for yourself, then for others. You never know who could need it and how it can bring up the energy and lift the weight off other's shoulders.

Plans after graduation:

Explore and pursue a science major at UMD.

Hobbies & Interests:

Music, outdoors, cooking, sports, crafts, trying new things.

Thank you:

Big thank you to my mom, for signing me up (twice), always taking me to practice and every meet, and my parents, trying their best to understand my skills. I'm also very grateful for my family showing up whenever they can just to cheer me on even if I don't do the best. For believing in me, I thank my coaches, as they are constantly inspiring and pushing me to do my best and keep a smile on my face. Lastly, my teammates for creating lasting friendships and memories I'll never forget.

Gymnastics has taught me:

My journey in gymnastics has taught me so much. I have learned so many skills. Discipline, hard work, perseverance, strength, and dedication which will help me later on in life. Gymnastics has also taught me to push past my limits and overcome challenges. I have also been taught the importance of teamwork. My journey wouldn't have been possible without my teammates.

Advice to my teammates:

My advice to my teammates is to stay in the moment and enjoy what you have. You never know what could happen and you should be so grateful for the opportunities that you are given. Even on the bad days, embrace it. Another piece of advice is to never give up on your goals. You can make it happen if you truly want it.

Thank you:

I want to thank everyone who has supported me throughout this journey. I wouldn't have been able to do it without all these people by my side. Special thank you to my mom for everything she has done for me. She has worked so hard to help me accomplish my goals and I wouldn't have made it this far without her. Thank you to my family and friends, coaches, and teammates for all the support. I am so thankful that I got to come to tct and finish the last few years of my JO career with this amazing team.

How to be a better person and an amazing skillset I will carry into many parts of my life.

Advice to my teammates:

Always be able to lean on each other when times are hard. You guys are each other's biggest supporters and inspirations. There is always someone looking up to you, so set the example that you would want your little self to follow.

Plans after graduation:

I plan on attending the University of Oklahoma in hopes of going into PreMed to transition into physical therapy! I am so excited to join a family much like it is at TCT. Boomer Sooner baby!

Hobbies & interests: I love to paint my nails, of course when they are not short, hanging with my family, friends, playing board games, and going outside for biking, hiking, or a swim in the pool!

Thank you: To my teammates, thank you for welcoming me back into the group when I decided to go level 10. I felt an immediate connection to everyone and it is something that I will hold close to my heart. To the coaches, thank you for pushing me everyday, even when I'm not feeling it. Having such amazing coaches has made this whole journey that much more worth it. My family and biggest supports, I am going to miss every single one of y'all next year. I know I can rely on anyone in my family and that is such a special thing to have. Thank you for everything.

Gymnastics has taught me:

Gymnastics has taught me so many valuable lessons that I will never forget. It has given me endless opportunities that I never would have had if I never started the sport. It has taught me how to work hard, and to never give up when it gets hard because it will always get easier. It just takes time.

Gymnastics has shown me that to be your best you have to fail and make mistakes, and that nothing will ever just come to you. You have to make it happen. Gymnastics has given me a support system, with teammates that I am forever grateful to have and get to know. Without gymnastics I don't know where I'd be, but I know I wouldn't be the same outgoing person that I am today.

Advice to my teammates:

Always have fun and love every moment you are in that gym because it all goes by so fast, and hold onto the memories and friendships you make. You will have bad and good days but you will grow from both. Remember you're in this sport because it's fun and there's nothing else truly like it. And every practice you make progress even if it is not in the way you thought.

Thank you:

I am so incredibly grateful for everyone involved in my life through gymnastics. I want to say thank you to my parents because they have given me so much to be able to do this sport. They have given me more than I could ever ask for. And I am so grateful for my coaches, they are amazing. But I want to thank Yuri and Jason especially for showing me I am better than I ever thought I could be. And for them taking a chance on me, when I wasn't the most talented one at tryouts all those years ago. I also want to thank my teammates because they are always there for me whenever I need them and they really make me love coming to the gym to laugh and have fun.

Plans after graduation: I plan on attending a four year college undecided where yet. But I'm going to study exercise science.

Thank you:

I want to thank everyone that has had an impact on not only my life but my career as a gymnast. I want to thank my parents who have sacrificed so much for me to be able to do what I love and for supporting me through it all. I also want to thank my coaches for shaping me into the person I am today and for always believing and pushing me to be my best. I also want to thank my teammates, friends, and family for the endless support and encouragement I would not be where I am without them.

Gymnastics has taught me:

so many valuable life lessons and given me so many opportunities. And given me many things I can use outside the gym moving forward, like coming into each day with a positive mindset even if I have obstacles and challenges I can overcome them while still working on other aspects of my life, as well as working hard and giving each day 100 percent. I am able to come back after each setback stronger than before and learn to adapt to new situations. Gymnastics has also taught me to preserve and never give up on your dreams and goals.

Plans after Graduation:

I am currently undecided but I hope to continue my career in gymnastics and pursue a career in the medical field.

Advice to my teammates:

really take the time to make each day count and enjoy every moment because it goes by so fast. There are gonna be days where you feel like it's forever and like your stuck but it will help you in the long run so keep persevering and working hard!!

Gymnastics has taught me:

Throughout my years of gymnastics I have learned so many valuable life skills. I have learned the importance of hard work and practice, but also the resilience needed to bounce back from setbacks. In the team aspect, I have learned the significance of collaborating and supporting each other to reach our best version of ourselves.

Advice to my teammates:

My advice to my teammates is to enjoy the process and to take advantage of the opportunities you are given each day. One thing that a coach has said to me and has stuck is "Always go at 100% because there is no way to measure or be consistent at any other level." Another piece of advice is to embrace you failures. Learn from these setbacks and use them as fuel to become stronger.

Plans after graduation:

My plans after graduation is to attend Utah State University to continue my academic and gymnastics career!

Hobbies & Interests: One of my favorite things to do is hanging out with the people I feel closest to. Some of my most cherished memories are beach days, concerts in the city, ice cream runs, and drives where we blast the music with the windows down!

Thank you: I am so grateful for each and everyone who has influenced me in anyway and has got me to the place I am today. I would like to thank my friends, family, and coaches for all the love and support throughout my gymnastics career. And to all my teammates, I couldn't have asked for a better group of people to share each and every high and low with. Thank you all for playing such a remarkable role in my life. My journey has been filled with special people that should be acknowledged.

Gymnastics has taught me:

so many things over the years. I have enjoyed many successes, but also had many learning moments where I grew tremendously. Because of gymnastics I am a confident and resilient person. It requires discipline in and out of the gym, and I have learned to persevere to achieve success. Lastly, I think from gymnastics I've learned a lot about grit and intestinal fortitude! We can accomplish anything we set our minds to!

Advice to my teammates:

Always know that you are "**Good Enough**" in everything you do. Never change who you are for anyone. Believe in yourself, love yourself, and be kind to yourself! Always remain humble, grateful, and kind as this combination will serve you well in all you do.

Hobbies & Interests:

I love attending sporting events; especially college and professional football games!

Plans after graduation:

I will be attending LSU on a full ride athletic scholarship for gymnastics. I plan to major in Pre-Med and eventually become a Dermatologist.

Thank you: I first want to start by thanking the most important people in my life who are my parents! They have sacrificed so much for me over the years; most notably allowing me to move to Minnesota to chase my dreams!

I also want to thank my extended family as they too are also my biggest cheerleaders and supporters. Thank you TCT for allowing me to join your "family" two and a half years ago. I will forever be grateful for the opportunity to come here and train. Thank you to all of the coaches that believed in me, pushed me, and loved me each and every day! Thank you to the BEST teammates ever. I will always cherish the memories we have created, and

especially appreciate the support on those hard days in the gym. Lastly, thank you to my amazing team that keeps me together to compete: Dr. Coetzee, Bill, Niki and everyone at the Training Haus (strength/conditioning), Jon (therapies), Brooke (PT), and Larrv (mindset coach).
