

Players or Coaches	Definition		Actions of Individual(s)	Action of Team(s)	Communication Required	Return to Play
	Close Contact Exposure to Positive case of COVID-19	Close contact would be defined as: - You were within 6 feet of someone who has COVID-19 for at least 15 minutes - You provided care at home to someone who is sick with COVID-19 - You had direct physical contact with the person (hugged or kissed them) - You shared eating or drinking utensils - They sneezed, coughed, or somehow got respiratory droplets on you	Notify club/coach ASAP  Quarantine for 14 days Monitor for: - Fever >100.4 - Cough - Shortness of breath - Chills - Headache - Other symptoms  ( <a href="https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html">https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html</a> )	Team is permitted to continue training and participating in events. Team members and coaches should be mindful of onset of any symptoms	Club should communicate to the team that an individual on the team has been exposed and will begin a 14 day quarantine.  <b>DO NOT</b> include names or personal details.	Completion of 14 days of quarantine ( <a href="https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html">https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html</a> )
	Symptoms	People with COVID-19 have had a wide range of symptoms reported – ranging from mild symptoms to severe illness. Symptoms may appear 2-14 days after exposure to the virus. People with these symptoms may have COVID-19:  Fever or chills Cough Shortness of breath or difficulty breathing Fatigue Muscle or body aches Headache New loss of taste or smell Sore throat Congestion or runny nose Nausea or vomiting Diarrhea	Notify club/coach ASAP  Get a COVID-19 test  Quarantine until at least 10 days have passed since symptom onset <b>AND</b> At least 24 hours have passed since resolution of fever without the use of fever-reducing medications <b>AND</b> Other symptoms have improved  <a href="https://www.cdc.gov/coronavirus/2019-ncov/hcp/disposition-in-home-patients.html#:~:text=Persons%20with%20COVID-19%20who,of%20fever-reducing%20medications%20and">https://www.cdc.gov/coronavirus/2019-ncov/hcp/disposition-in-home-patients.html#:~:text=Persons%20with%20COVID-19%20who,of%20fever-reducing%20medications%20and</a>	Team is permitted to continue training and participating in events. Team members and coaches should be mindful of onset of any symptoms	Communication not required unless individual receives a positive test result. In this case, see "Positive Test" section.	All three actions (quarantine for 10 days after symptoms began, at least 24 hours without a fever without medicine, and other symptoms improved) have been met.
	Positive Test	Official results provided by medical professional	Notify club/coach ASAP  Quarantine until at least 10 days have passed since symptom onset <b>AND</b> At least 24 hours have passed since resolution of fever without the use of fever-reducing medications <b>AND</b> Other symptoms have improved	Team is permitted to continue training and participating in events. Team members and coaches who were considered to be in close contact (per the CDC definition) must begin a 14 day quarantine.	Club should communicate to the entire team that an individual on the team(s) has tested positive for COVID-19. <b>DO NOT</b> provide any names or personal details.  Club/team should communicate to opposing teams they played against within onset of symptoms that they had an individual with a positive test.  <b>DO NOT</b> provide any names or personal details.  Notify WYSA.	For individuals testing positive: All three actions (quarantine for 10 days after symptoms began, at least 24 hours without a fever without medicine, and other symptoms improved) have been met.  For individuals who qualified as close contacts: Completion of 14 days of quarantine.

Notification Templates

Scenario	Communication Template
Close Contact Exposure to Positive case of COVID-19	<p>This communication is to notify you that a parent/guardian, coach, or player who is a member of the <b>[insert team name]</b> has provided notification that they have had close contact exposure to someone who has COVID-19. It is important to note that the individual is not showing any signs or symptoms of COVID-19 and we have no reason to believe that they have contracted the virus. That said, in accordance with WYSA and CDC guidance the individual will be self-quarantining for 14 days prior to returning to team activity.</p> <p>If anyone is experiencing any symptoms of COVID-19 <b>they must stay at home</b>. If anyone feels uncomfortable about attending training or games they can stay at home if they choose without fear of repercussions.</p>
Positive Test	<p>This communication is to notify you that a parent/guardian, coach, or player who is a member of the <b>[insert team name]</b> has provided notification that they have tested positive for COVID-19.</p> <p>In accordance with WYSA guidance, individuals testing positive will quarantine for 10 days after symptoms began, at least 24 hours without a fever without medicine, and other symptoms improved) have been met. Individuals who qualified as close contacts will be notified and directed to complete a 14 day quarantine.</p> <p>The individual who tested positive will be able to return when the following have occurred, per CDC guidance:</p> <ol style="list-style-type: none"><li>1. Quarantine until at least 10 days have passed since symptom onset</li><li>2. At least 24 hours have passed since resolution of fever without the use of fever-reducing medications</li><li>3. Other symptoms have improved</li></ol> <p>If anyone is experiencing any symptoms of COVID-19 <b>they must stay at home</b>. If anyone feels uncomfortable about attending training or games they can stay at home if they choose without fear of repercussions.</p>
