

2024 Spring Baseball

316 Sports offers Baseball for ages 3 through 15 years old. We will kick off the Spring Baseball Season with a **Family Celebration Day** on **Saturday March 9**. This event will be for all age players along with their families and will end with a free hot dog lunch. It will be held at the fields behind Idlewild Baptist Church in Matthews. The day will be to allow T-Ball players to meet their coaches and teams. For all other ages it will also be our Evaluation Day to help choose even teams. All players who play Spring Baseball will get even amounts of playing time each week. While Evaluations are taking place it will also allow me to have time to meet with parents and also have a question and answer time.
