

Onboarding Document: Playmetrics for Parents (updated 7/26/25)

Purpose

To help provide various resources from Playmetrics for parents to reference and familiarize themselves with the new software.

Playmetrics allows for a full suite of club and team management features that will help streamline communications, entry of games, and overall information accessibility from the club.

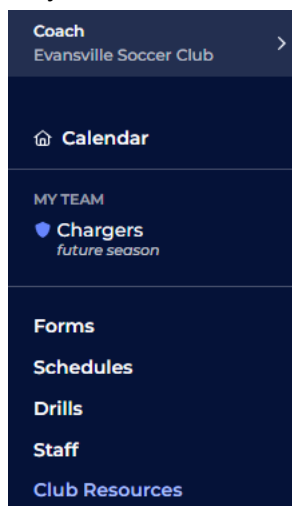

Start Here

Please review this [Using Playmetrics as a Player Contact](#) guide as your starting point for using Playmetrics as a parent/family member. There are also other help articles in the help center. As well as the ability to Request Help if you are running into a user issue.

There are sections in the above guide that cover the following:

1. Calendar and calendar syncing.
2. Player Attendance
 - a. Multiple Event Attendance: here's an additional link on [bulk attendance](#)
3. Team access
4. Contacts for players
5. Communication and Communication preferences.
 - a. An additional link specific to [Using Chat in Playmetrics](#).

Additionally, the help articles noted above, are all accessible via the Club Resources section in Playmetrics:

****NOTE:** Accessing Club Resources that are weblinks is recommended from the web browser; access from the mobile apps needs a bit of refinement for improved user friendliness.
