

Managers COVID-19 Tools and Reminders

Managers COVID-19 Responsibilities:

As managers, we are really asking you to be the point person for your team for any COVID related situations or questions. If there are any COVID-19 related situations or questions that come up throughout the year, we ask that you reach out to Jenna Binsfeld, the COVID-19 Sponsor for SCYHA, for further assistance. You will not need to be responsible for answering any questions.

Jenna Binsfeld: 320-492-4446 / jbinsfeld@parkindustries.com

We are looking to managers and coaches to be advocates for our COVID-19 processes and help us support the intent and importance of completing these.

Home Games

National Hockey Center (NHC):

- We are allowed to have 2 spectators per skater. Masks must be worn at all times and social distance as able.
- Each skater and spectator will need to fill out the COVID-19 Assessment form each day for the rink they are attending; this is the same as practice.
- Skaters are allowed to enter the building 15 minutes prior to ice time. It is good practice to come dressed with the exception of skates and helmet.
- Parents are encouraged to come in at game time in lieu of the 15 minutes before the game while they are trying to check in the players first.

MAC:

- They are allowing immediate family members only for each skater. The MAC is only allowed to have 250 people in the facility at a time, so they will be watching the total number of people. Masks must be worn at all times and social distance as able.
- Each skater and spectator will need to fill out the COVID-19 Assessment form each day for the rink they are attending; this is the same as practice.
- Skaters are allowed to enter the building 15 minutes prior to ice time. It is good practice to come dressed with the exception of skates and helmet.

Away Games

Each district/Arena has their own rules. Managers should reach out to the other teams manager within the week of the scheduled game day to ask about:

- Any rules for the away rinks/team
- If there are any COVID-19 waiver/survey forms required to fill out for entrance into the rinks
- Share this information with the parents before the day of the game, or as soon as possible.

Lastly, remember that the people working at the rinks are only doing their jobs, so if they ask you to pull up your mask/put one on or require you to show a completed form just go with it. It stinks for all of us, but the silver lining is that our kids are being allowed to play a game they love and we get to watch!

Thank you for your support and understanding!

LET'S PLAY HOCKEY!!!
