NTHC 2021-22 PRESIDENT'S LETTER BRITT TRUKENBROD

Dear New Trier Hockey Community,

On behalf of the New Trier Hockey Club (NTHC) Board of Directors, I'd like to thank our sponsors, coaches, volunteers, parents, and players for contributing to our successful hockey program. Although the 2020-21 season presented several challenges, we're excited that our players are back on the ice for a "normal" season.

After celebrating a State Championship victory in 2021, we look forward with a great deal of pride to the 2021-2022 season. We're thrilled about the quality and depth of our players and coaches. We will field four varsity teams and one JV team, allowing more than 100 New Trier students to play hockey.

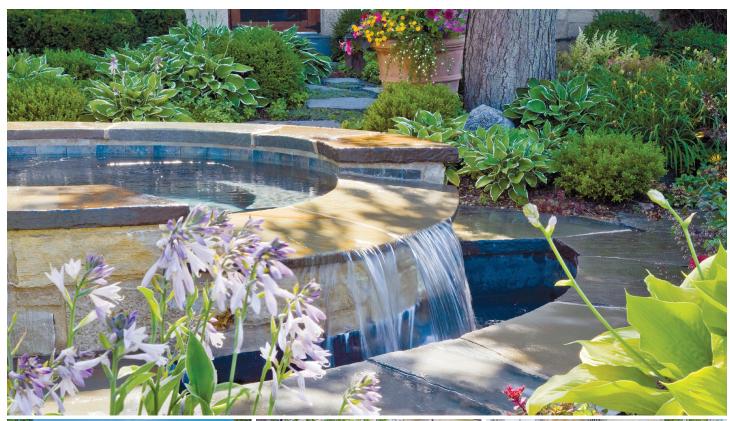

We're pleased to provide New Trier students with the opportunity to participate in high school hockey and to compete against other top programs in the state and region. In addition, our program strives to promote dedication, teamwork, and integrity of character in everyday life. Our players exemplify this with their strong performance on the ice, excellence in the classroom, and by demonstrating a strong effort to improve our community. We are proud of our players and applaud their accomplishments.

This past year, New Trier hockey players continued the tradition of philanthropy working with Bear Necessities Pediatric Cancer Foundation, Christopher House, the Chicago Greater Food Depository and Northwestern Settlement. This season we plan to introduce new team-focused service projects that will give players an opportunity to work together and realize the impact their efforts bring to our community.

As you enjoy this edition of the New Trier Hockey Club Sponsor Book, please take special notice of our sponsors. These local businesses and organizations are the backbone of our community. Because the NTHC is neither officially sponsored nor funded by New Trier High School, the support of our sponsors is critical to keeping our costs reasonable. It's important that we support them in return.

Thank you again to our dedicated skaters and goalies! I cherish the wonderful family time, friendships, and legacy of this club. I look forward to seeing you at the rink.

Sincerely, Britt Trukenbrod President, New Trier Hockey Club

NTHC SUPPORTS AT NORTHWESTERN

New Trier Hockey Club players gathered on a sunny, cool fall day to do what they do best - support each other as teammates and friends. In honor of three New Trier hockey fathers who lost their lives to cancer during this past year, five teams raised \$22,000 to support Palliative Care at Northwestern Medicine Lake Forest Hospital. The players paid tribute to Philip Jones (father of Tristan NT '17 and Oliver NT '22), Tom Sampson (father of Carter '21 and Matt '24), and David Waimon (father of Asher NT '24). These three fathers actively supported the Club and its players - whether volunteering in the box or in the stands to cheer for New Trier, and their sons.

The money raised will support Lake Forest Hospital Palliative Care in its mission to improve the quality of life and provide support for individuals facing serious illness.

Thank you to all the NT hockey families that supported our initiative and to the local businesses who generously allowed us to seek donations outside their storefronts.

PALLIATIVE CARE LAKE FOREST HOSPITAL

Tom was born and raised in Edina, Minnesota, where he competed in many sports, including golf, skateboarding, skiing and fishing. As a true Minnesotan, Tom was also a huge hockey fan and outdoorsman.

After graduating from the University of Minnesota, Tom's work ethic and ambition led him to Chicago where he met his beautiful wife Syndy. They were blessed with three wonderful children, Mia, Carter and Matthew. Each inherited their dad's love of life and sports.

Carter and Matthew grew up at the hockey rink as standout players in the Wilmette Braves travel program. At New Trier, Carter had an outstanding career where his speed, grit and toughness were legendary. Carter was a member of the Green 2021 Illinois State Championship team. Matthew is currently a sophomore and member of the Gray team. His smile and wit are contagious and he clearly inherited his dad's athleticism and toughness.

Throughout his life, Tom remained true to form—fearless and brave in the face of the unknown. He was a proponent of bringing your "A" game to all endeavors in life. His children saw his bravery and willingness to keep fighting in good and bad times.

Tom Sampson was a wonderful family man and a true friend to many in the New Trier hockey community. He will be missed.

Philip Jones was the proud father of three New Trier hockey players - Tristan ('17), Aidan (19), and Oliver ('22) - and the loving husband of Susan Ayres Jones. He attended Princeton University where he was a standout member of the varsity crew team. After graduating from Boston University School of Law, he moved to Chicago.

Philip loved sports and shared that enthusiasm with his family. He particularly enjoyed being part of his sons' hockey experiences. He coached many of their youth hockey teams, was a fixture in the scorekeeper's booth, and served on the Board of the New Trier Hockey Club. Above all, he was a diehard fan, attending games throughout Chicago and the Midwest - sometimes as many as five or six games on a single weekend.

Outside the hockey rink, Philip was a highly respected trademark attorney at Barnes & Thornburg LLP. His professional achievements and standards earned consistent recognition by his peers and clients, alike.

Beyond sports and the law, Philip's interests ranged from literature to science to medieval history. To all those who knew him, he was extraordinarily kind and sincere; one of those people who listened first and respected what others had to say. He was always quick with a compliment and to ask how others were doing. Philip had an easy smile and generous spirit. He will be greatly missed by his family and his many friends.

David Waimon grew up in Normal, Illinois where he earned a B.S. at Illinois State University. He went on to receive a law degree magna cum laude from the University of Illinois School of Law.

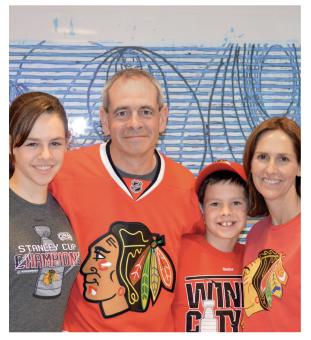

A modern-day Renaissance man, David had many interests. He ran a marathon, piloted a plane, was a champion equestrian and captained a sailboat through hundreds of races on Lake Michigan.

Hockey also played a big role in David's life. He was a tireless volunteer at Wilmette and couldn't wait for his son Asher, currently a sophomore, to play at New Trier. At the ice rink, if he wasn't working the clock, he was working the music or giving the young players valuable focus points. He told Asher and other players: "Be a good teammate, treat your opponents with respect and always play your hardest regardless of outcome"

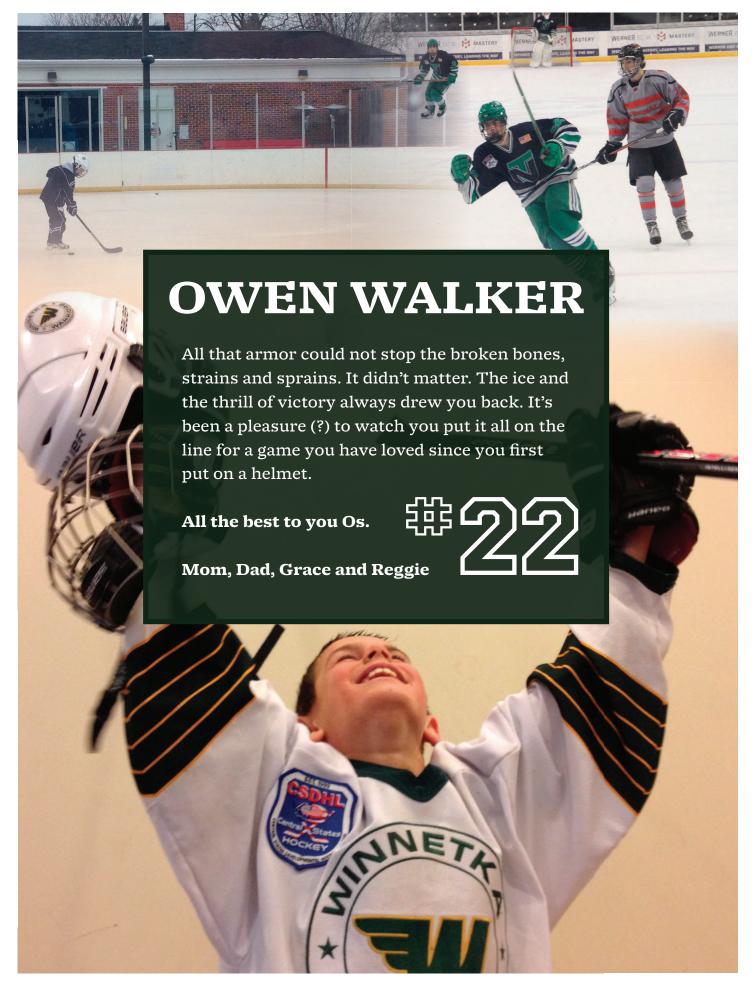

David and his wife Rachel are also parents to Sophie, a sophomore at Washington University. He loved watching Sophie on stage and Asher on the ice. Their interests became his interests as he learned how to build stage sets and to play pond hockey. He loved spending family time at home, at Blackhawks games and in the great outdoors.

David was admired as a father, husband, and trustworthy friend. Everyone who knew him is a better person from having spent time with David.

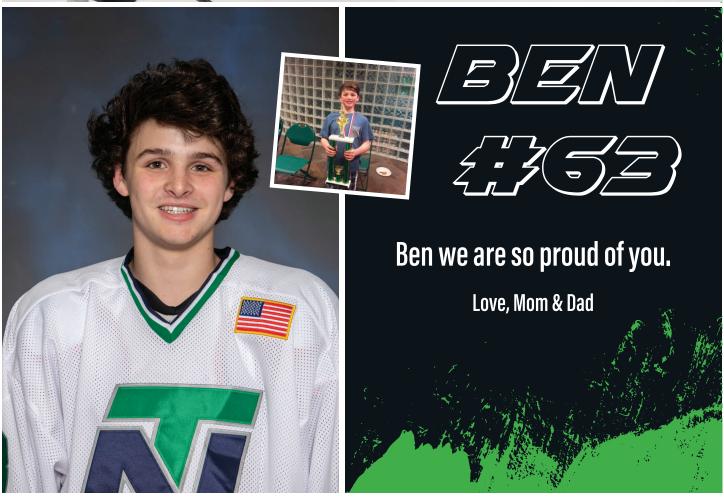

David was a huge Neil Finn fan. A frequent song he would play, and sing had the lyrics, "There's a battle ahead, many battles are lost, but you'll never see the end of the road while you're traveling with me."

2020-21 AWARDS

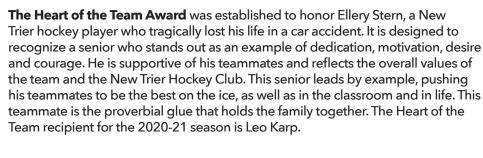

The Bill Saunders Award was established in 1991 to honor the memory of Bill Saunders. Bill loved hockey and devoted countless hours to the New Trier Hockey Club. The player who receives this award demonstrates strong leadership and achievement both on and off the ice. He exemplifies good sportsmanship and respects his teammates. He is committed not only to his team but also to the New Trier Hockey Club and his school. The recipient of the Bill Saunders award for the 2020-21 is Tyler Nolan.

BILLSAUNDERS MEMORIAL AWARD TYLERNOLAN

Tyler Nolan began his hockey career with the Winnetka Warriors, following in the footsteps of his two older brothers. He played for Winnetka through his first Bantam year before moving to the Falcons for a chance to play with his cousin. With the Falcons, he won both State and the 14U National Championship, career highlights surpassed only by winning the State Championship this past year with Green. At New Trier, Tyler played two years for White, serving as co-captain his sophomore year and two years for Green serving as co-captain his senior year. Throughout this past year, Tyler learned how to lead during times of adversity and found ways to keep the team's spirits high.

Tyler was also a four-year varsity lacrosse player for New Trier and was a co-captain his senior year. He was fortunate to play for incredible coaches who supported and guided him throughout his career. Tyler is grateful for the amazing group of teammates he met and the friendships he formed which will last a lifetime. Tyler attends the University of Denver and plans to continue to play hockey.

THE HEART OF THE TEAM AWARD LEO KARP

Leo Karp was first attracted to goalie because of the equipment, but it turned out that the position suited him. He began playing goalie as a first-year Winnetka Warriors Mite and never looked back. During his second year on Squirt Travel, his coach was Adam Cheris. Leo and Adam's player/coach relationship continued at New Trier for three years, first on JV and two years on Gray.

Leo made many long-lasting friendships and loved the camaraderie of each New Trier team. He especially loved the challenge of playing goalie. After a global pandemic and an unusual senior season, Leo had one of his best games --ending in a shutout on Senior Night against Lane Tech. Leo is studying writing at the University of lowa and plans to continue to play hockey.

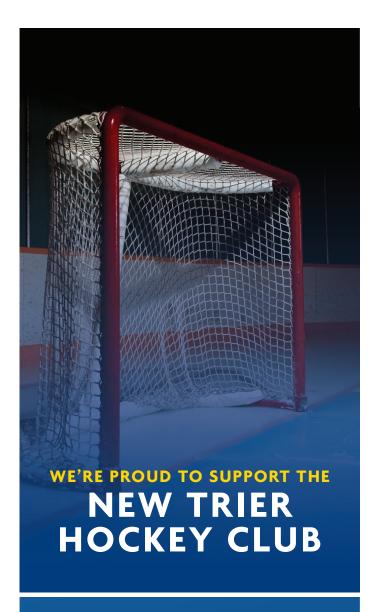

Dr. Richard Renn was one of many founders of the Winnetka and New Trier Hockey Club programs. He was very involved in the successful development of these programs as well as the health and safety of individual players. This award was established in recognition of his commitment to the New Trier Hockey Club and is given to the senior who has earned the highest academic achievement while at New Trier High School. The recipient for the 2020-21 season is William Trukenbrod.

DR. RICHARD RENN SCHOLASTIC/ACADEMIC EXCELLENCE AWARD

William Trukenbrod's hockey career began as a Mite defenseman with the Wilmette Braves. He moved on to play Squirt, Pee Wee and Bantam. As a Squirt, William and his team traveled to a tournament in Lake Placid where they played at the Olympic Center's Herb Brooks Arena the site of the unforgettable 1980 "Miracle on Ice" game. He also had the opportunity to ride the Olympic bobsled course.

At New Trier, William continued his successful hockey career playing JV, White for two years and Green as a senior. He was part of the 2021 State Championship Team and a 2021 National Finalist. In the same year, another highlight was when Green swept the Father Welsh Christmas Tournament in Cleveland. In addition to hockey, William was a member of the New Trier Golf team for three years and a four-year New Trier Honor Roll student. William's love for the game is matched only by the respect and admiration for his friends and teammates. William attends the University of Virginia and plans to play club hockey.

Being your local bank means doing our part to give back to the organizations that strengthen our community. We're particularly proud to support the New Trier Hockey Club and its commitment to providing student-athletes with opportunities to participate at the highest level of high school hockey. ALEX PEGLER MEMORIAL GOAL AND ASSIST FUND

Ice hockey is an expensive sport that places significant financial demands on every participant. There are families in every hockey community, including ours, who struggle with paying the fees required for their son to play the sport he loves. One of the objectives of the New Trier Hockey Club is to ensure that no player is ever prevented from playing on one of our teams because of financial hardship.

The Goal and Assist Fund was first established in 2011, though a generous donation by Paul Banks, a former New Trier Hockey player. In 2019, the fund was renamed to honor former player and coach, Alex Pegler, who tragically lost his life in October of 2018.

Goal and Assist Fund has helped bridge the gap for many families facing financial challenges, allowing their sons to begin or continue their New Trier hockey careers. Financial assistance provided through the Goal and Assist Fund is completely confidential and is tailored to each family's unique situation and needs.

The Goal and Assist Fund relies entirely on donations from our families and other members of our community to full fill its mission. A contribution to the Goal and Assist Fund will help the hockey community, our Club, and possibly one of your son's teammates.

If you would like to donate, please mail a check payable to NTHC at below address (please write "Goal & Assist Donation" on check):
