

January 10, 2016 Softball Board Meeting Minutes

All present EXCEPT Chrissy Murphy,

Meeting begins at 8:07pm

Open Forum:

CGAA Parent LO joined the board meeting to discuss having his daughter join late to a 14u CGAA softball team. Player accepted a position to the Speed (Club team), but due to the team being band to playing tournaments in Minnesota, creating many issues with all out of state tournaments (and personally not being a good fit they have decided to opt out of the team. With hopes of playing with CGAA Softball as she has in the past, Parents are aware that she may not play on top team, and may not get as much pitching time.

- Player is to have a special pitching tryout with Sarah (who did all judging for pitching tryouts in fall). Within the next few weeks, depending on availability of Sarah.
- her registration fee, tryout fee, and fee to get Sarah(\$40.00) here for a late tryout will need to be paid before February 1st, in order for Chelsea to play CGAA Softball.
- Green team is not an option as she didn't try out with other girls in the fall
- Having played 4 years at an A level, Black team would not be a good option.
- If pitching tryout numbers qualify her to be on white team, the 14u Green Coach will contact the player with top tryout numbers from white team and ask if she wants to join. If declines, he will keep going down the list. If on the white team because of catching or pitching, they will not have the option. All three teams will have 12 players.
