The 2nd Annual Sheyenne Mustang Youth Hockey Camp is being offered to provide a **FUN, EFFECTIVE,** and **AFFORDABLE** on ice camp that is ran by the Mustang High School Hockey Coaches and Players.

This is an excellent opportunity to continue skill development after the winter season as well as meet the Sheyenne Mustang Hockey Team. Each session will be 1 ½ hours long of on ice instruction. Each player will also receive a Mustang Youth Hockey Jersey (If attended camp last year, there is a Mustang T-Shirt Option).

At camp, our players will be focusing on skating, balance, body positioning, backwards strides, transitions, shooting, stickhandling. Addition to fundamentals, we will have fun learning how to work with our teammates by playing cross ice and small area games.

GOALIES- This camp is also designed to help goaltenders at the youth level as our high school goalie coach and high school goalies will be working with each individual on positioning, angles, tracking and rebound control.
