PRIVIT

All players must be updated in PRIVIT. If you have a physical uploaded into PRIVIT dated after December 1, 2022; you just need to update general information on PRIVIT as physicals are good for a 2-year cycle. If your physical was dated before December 1, 2021; you will need to upload a new physical as well updating your general information in PRIVIT. (December 1, 2022 would keep you eligible for just the 2023 fall season.)
