

City of Lakes Play Up Request

Player Name: _____ Birth Date: _____

Team Level by Age: _____

Consideration to play up is a decision based on the child's ability. In some circumstances other reasons may also be acceptable. The need for more players at a given level to support the organization is an example. A player will not be allowed to play up if it is determined to be detrimental to the development of the player's hockey skills. USA Hockey designs the levels to progress with new skills and confidence added at each level.

By filling out this request your child will be evaluated independently and the board of the organization will make the final decision. If playing up will cause there to be too many players on the higher level team the play up request will be denied. Under no circumstances will a player moving up displace an age appropriate player.

If you have any other reasons for the play up request besides skill please list below. We will take them into consideration but the best interest of the player is the primary factor.

Other Reason for Request:

Person Requesting: _____ Contact Number: _____

The City of Lakes Youth Hockey Association Board will review your request as soon as possible and make a decision. In some cases the Board may have to contact you with further questions.
