

Listed below are the top rated teams that competed in the 2020-2021 Great Northwest season. We have listed only the top 16 ranked teams for this season due to the number of teams that were not allowed to participate because of the Covid-19 shutdowns. **These 16 teams will be joined by the 16 strongest A/B+ level teams (from the 19-20 season) to make up the top 32 teams that will participate in the 2021-2022 League Championship Tournament (LCT).** These ratings are a by-product of the power rating system. Our ratings work on a formula basis, much like college basketball's RPI or college football's Bowl Coalition rating system. You will note that most teams are rated behind one or more teams they defeated the previous season and, conversely, rated ahead of one or more teams to which they lost during the course of the season. It is consistency during the season against strong competition that determines the final ratings.

The ratings formula awards teams points for defeating A or B+ teams and takes points away for losing to teams rated B or lower. That is why it is virtually impossible for a team to be ranked in the Top 32 that does not regularly play A or B+ teams. The number of meets won - - or overall record - - is relevant only if achieved against strong competition. If you coach a team that we rated "B" and you want the opportunity to move up in the rankings because you believe your team can compete at that level, consider registering as a "B+" team for the 2021-2022 season. On a related issue, Wisconsin-based teams that are invited to the Wisconsin State Invitational Championship Tournament, but decline, miss an opportunity to show that they can compete at the highest level and the opportunity to move up in the rankings.
