Coaching selection - Two coaches would like to work together as co-coaches for squirt B. David Behrens will be listed as head coach for the rosters and can pick his assistant coaches as he sees. Alex motions to approve David, Jennifer seconds all approve. Motions passes

Pee Wee roster – with some skaters dropping off the A team will have 12 and the B team will have 10 .

Squirt Roster – the squirt B has added two new skaters to their roster, we will need to move one squirt B to the A team and possibly move one B level to Pee Wee B

In the future we need to slow down the try out and rostering process. It seems we always have skaters add on or drop off making it difficult to solidify rosters early.

In the future possibly head coaches are responsible for the entire age level they are selected for, they are then responsible for finding an appropriate candidate to bring to the board for approval if there is a B team on their age level.

Please ask children to try goalie and do not force children to take the position if they are against it
