- Communicate details to the team regarding each tournament schedules/location/uniforms
- The coach is to be a role model and mentor for their players and is expected to act accordingly. The coach will represent Untouchables EPA with respect and self-control

- Embrace that coaches may limit/ban phone use during tournaments to avoid distractions from competition and the team

Parent Expectations:

- Support your daughter. Support her teammates
- Do not discuss your daughter's role or her coach decisions at tournaments or practice with other players and/or parents. If you have an issue schedule a time to address it with the coach.
- Encourage your daughter to approach and communicate with her coach if she is unhappy or dissatisfied. This is a teachable moment; you will not be able to speak for them in college

- Coaches will not discuss playing time with parents at a tournament or during practice. Playing time will be discussed with the player by the coach. If additional discussions are needed between the player/coach/parent a meeting outside of practice will be scheduled. Parents speak with your child to find out if they have spoken with the coach about playing time, do NOT assume the player is not aware of why they're not playing as much as you as the parent think they should be playing. As a final resort the Club Director can be involved if all other avenues have been exhausted, do NOT come to the director if the player has not spoken with the coach about any questions or concerns.

- Tournament schedules are determined by the coaches and club directors. Additional documentation will be provided by the coach for their individual teams
