

# Skating Association of Maine

## POLICY FOR USE OF HARNESS

The harnesses and set up was purchased by the Kennebec Ice Arena. The Board of Directors of the Skating Association of Maine have approved the following policy for its use:

1. SAM Home, Associate members and employees may use the harness.
2. Only skating professionals who have been certified may use the harness. To become certified, a skating professional must receive training on the use of the harness from those professionals designated by SAM to render such training. Training will consist of a minimum of a 30-minute lesson.
3. Skating professionals must provide SAM with a copy of their professional liability insurance policy prior to using the harness and on an annual basis.
4. The skating professional may reserve the harness by using the sign-up sheet provided. Use is limited to 15 minutes per skater during peak times.
5. Unlocking and locking the harness and updating the “Log of Use” will be the responsibility of skating professionals using the harness.
6. A liability waiver must be signed annually prior to use by skater or skater’s parent/guardian (if skater is under 18).

Questions concerning this policy should be sent to the Board of Directors of the Skating Association of Maine. SAM reserves the right to amend this policy.
