DEARBORN ICE SKATING CENTER

**GOOD LUCK TO
ALL PARTICIPANTS!**

**February 25, 26, 27. 2022
DEARBORN, MICHIGAN 48126**

Welcome to the 2022 MAHA State Championship

Welcome to the 2022 USA MAHA State Championship! You are about to participate in what may be a once-in-a-lifetime opportunity to play for a national championship. To get this far, you and your teammates have made many sacrifices to develop your hockey skills this season. By attending all your practices, doing your school-work, and training and preparing yourselves as individuals and as a team, you have excelled in the sport. The experiences you share with your teammates this season will lead to life-long memories.

I want to wish each participating team Good Luck as they seek to accomplish the dream of becoming State Champions this weekend. Savor this time as only a few other teams from across the state have made it this far. When all is said and done, it's not the shots that won the championship that you will remember, but the friendships you made along the way.

Good luck and have fun!

A handwritten signature in black ink that reads 'George Atkinson'.

George Atkinson
President
Michigan Amateur Hockey Association

Hockey Facts

It's known that hockey has been around since at least 1363, when Edward III of England banned the sport in a royal proclamation. However the histories of many cultures include playing games with curved sticks, dating as far back as 4,000 years ago to ancient Egyptian times. It is believed that the word hockey originates from the Middle French word 'hoquet', which means shepherd's stave. Today there are many types of hockey, including ice hockey, field hockey, roller hockey, sledge hockey, and a favorite among kids—street hockey.

- Despite all the variations of when hockey was first played, the first organized hockey game played indoors occurred in 1875, in Montreal, Canada.
- The NHL (National Hockey League) was established in 1917.
- Prior to the 1960s, hockey sticks were straight. Stan Mikita, a Chicago Blackhawks Hall of Famer is credited with introducing the curve to the stick in the 60s.
- Hockey pucks have three-inch diameters. They are frozen before each game so that they don't bounce during the game.
- The first puck used during outdoor hockey in the 1800s was made of frozen cow dung.
- Bobby Hull shot the fastest puck in recorded history, at 118 miles per hour.
- The Stanley Cup was created in 1893. It was named for Lord Stanley of Preston, a Canadian Governor General.
- Manon Rheaume was the first woman to play in the NHL. She was the goalie for Tampa Bay Lightning.
- The names of twelve women appear on the Stanley Cup.
- The greatest player of all time, Wayne Gretzky, has 61 NHL records. Nobody else comes close to this many records.
- The record for most points in a single game is held by Darryl Sittler. He had 10 points in a game in 1976 between his team, the Leafs, and the Bruins. The Leafs won. Maurice 'Rocket' Richard previously set the record with eight points.
