

Team Elite' Facility Usage- Player/Parent Safety Protocol

- *These guidelines and protocol are in respect to the government's COVID-19 restrictions. They will be adjusted by the Elite Athletics staff as the government grants more clearance and reduces their restrictions on facilities and groups.*
- *Each facility can possibly adjust the guidelines as well at their own discretion for the Team Elite program to follow.*
 - *We recommend each player and their parents read over the recommendations set by the CDC on their website before attending the practices or games as well.*
(See the link below):
<https://www.cdc.gov/>

1. Any Players that are experiencing any type of sickness whatsoever will NOT be allowed to participate in practice/games.

*Please stay home if you feel any symptoms!

2. Every player is required to check their temperature before coming as well and they need to stay home if its over 99.1 degrees

3. All players need to follow all group size restrictions that are set by Elite Athletics at practices/games

4. Wearing a mask is "optional" but suggested to wear inside the indoor facilities

5. Players, parents, staff, and coaches should avoid high fiving, hand shakes, fist pumps, and any other type of contact while at a practice/game
6. Before leaving the house please wash your hands with soap and water for 20 seconds minimum
7. Players need to bring their own hand sanitizer and routinely wash their hands throughout their time at the facility.
8. Please bring your own personal towel/and water to each practice or game.
9. Players need to avoid sharing helmets, gloves, bats, and batting gloves
10. Players need to avoid chewing gum, spitting, chewing/spitting of sunflower seeds, or eating at all the facilities
11. Access to restrooms will vary according to each facility's guidelines.
Players, parents, and staff need to prepare accordingly before arriving.
12. Each facility will have different restrictions according to their own guidelines.
 - At this time, all "Indoor" facilities are requiring all parents to stay outside.
 - Each "Outdoor Field" will have different opportunities/guidelines for parents to attend or view the practices or games

13. The Team Elite staff asks that all players maintain the proper social distancing guidelines as you enter the field/facility or inside the indoor facility.
 - Do not enter the training space while transitioning groups and please wait until every player has cleared out
14. If you have to cough or sneeze, cover your mouth or nose with your elbow or shoulder. And make sure to wash your hands with the hand sanitizer.
15. If our coaching staff suspects a player intentionally breaking these guidelines above, we will reserve the right to send the player home.

****** THANK YOU TO THE TEAM ELITE AND ELITE SLUGGERS PROGRAM FOR FOLLOWING THESE GUIDELINES WITH PATIENCE, FLEXIBILITY AND UNDERSTANDING.**

#TEFamily!
