

BRITTANY MOSTUE

Brittany Mostue joins the North Country Region High Performance Coaching Staff as the Girls U17 Red Assistant Coach. This is Brittany's third year being involved with the NCR High Performance Program, where she has been a Tryout court coach, a Selection Camp court coach, and an Assistant Coach for the NCR All-Star Teams.

Brittany grew up in Barnesville, MN and has played volleyball from the very first moment she could, playing both school and club ball, and she continues to play in leagues today. Brittany is a graduate of Minnesota State University Moorhead.

Brittany is currently the head coach of a 16s team for Red River Infinity Volleyball in Fargo, where she has been coaching in both the 14s and 16s age groups since 2020. When not coaching playing or coaching volleyball, Brittany attends coaching clinics whenever possible and watches and studies both college and professional volleyball while cheering on the Huskers and the Supernovas.

During the day, Brittany works in marketing doing photography and videography. She also spends as much time as possible on the lake with family and traveling whenever she has the opportunity to in her spare time.

Brittany can't wait to get in the gym and start making connections with the NCR High Performance athletes and looks forward to a phenomenal All-Star season filled with growth, success, and most importantly - FUN!
